24 individual's breath or oral fluid for the purpose of estimating the alcohol concentration
25 or presence of drugs or substances in the individual's breath or oral fluid upon the
26 request of a law enforcement officer who has reason to believe that the individual
27 committed a moving traffic violation or a violation under section 39-08-01 or an
28 equivalent offense, or was involved in a traffic accident as a driver, and in conjunction
29 with the violation or the accident the officer has, through the officer's observations,

15 least one hundred eighty days and up to three years of that individual's driving
16 privileges. If such individual refuses to submit to such screening test or tests, none
17 may be given, but such refusal is admissible in a court proceeding if the individual was
18 arrested in violation of section 39-08-01 and did not take any additional chemical tests
19 requested by the law enforcement officer. Such refusal is sufficient cause to revoke
20 such individual's license or permit to drive in the same manner as provided in section
21 39-20-04, and a hearing as provided in section 39-20-05 and a judicial review as
22 provided in section 39-20-06 must be available.
- 23 4. The director must not revoke an individual's driving privileges for refusing to submit to
24 a screening test requested under this section if the individual provides a sufficient
25 breath, blood, oral fluid, or urine sample for a chemical test requested under section
26 39-20-01 for the same incident.
- 27 5. No provisions of this section may supersede any provisions of chapter 39-20, nor may
28 any provision of chapter 39-20 be construed to supersede this section except as
29 provided herein.
- 30 6. For the purposes of this section, "chemical test operator" means an individual certified
