BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. A new section to chapter 26.1-36 of the North Dakota Century Code is created and enacted as follows:

Health insurance policy and health service contract - Prehospital emergency medical services.

1. In this section, unless the context or subject matter otherwise requires:
 - a. "Emergency medical condition" means a medical condition that manifests itself by symptoms of sufficient severity which may include severe pain and that a prudent layperson who possesses an average knowledge of health and medicine could reasonably expect the absence of medical attention to result in placing the person's health in jeopardy, serious impairment of a bodily function, or serious dysfunction of any body part.
 - b. "Prehospital emergency medical services" means a service or its personnel either licensed under chapter 23-27 or certified by the state health department.
2. An insurance company, nonprofit health service corporation, or health maintenance organization may not deliver, issue, execute, or renew any health insurance policy, health service contract, or evidence of coverage that provides prehospital emergency medical services benefits on an individual, group, blanket, franchise, or association basis unless the policy, contract, or evidence of coverage provides prehospital emergency medical services benefits in the case of an emergency medical condition.
3. The coverage required under this section does not require coverage in excess of policy aggregate limits or internal policy limits dealing specifically with prehospital emergency medical services.
4. This section does not prevent an insurance company, nonprofit health service corporation, or health maintenance organization from imposing deductibles, coinsurance, or other cost sharing in relation to benefits for prehospital emergency medical services.
