10 **TRANSFER.** The estimated income line item in section 1 of this Act includes \$1,507,000, or so
11 much of the amount as may be necessary, from the highway tax distribution fund for the
12 ethanol production incentive program. Of this amount, \$1,500,000 is for the purpose of
13 providing production incentives and \$7,000 is for audits of the use of these funds for the
14 biennium beginning July 1, 1999, and ending June 30, 2001. Distribution from the
15 appropriation in section 1 of this Act to the producers of agriculturally-derived fuel must be at

26 1992, any North Dakota ethanol plant receiving production incentives from the state shall file
27 with the budget section of the legislative council a statement, certified by a certified public
28 accountant, as to whether the plant produced a profit from its operation in the preceding fiscal
29 year, after deducting the payments received from this incentive program. If, at the end of each
30 fiscal year, funding appropriated for the ethanol incentive payments is not spent, the director of
31 the office of management and budget shall transfer from the highway tax distribution fund the

1 amount of unspent funds deposited into the fund pursuant to provisions of section 57-43.1-03.1
2 to the agricultural fuel tax fund for the agricultural products utilization commission for the
3 purpose of providing grants as provided by law.

6 unexpended funds from this line item relating to grants awarded may be available for continued
7 payment of grant awarded but not paid during the biennium beginning July 1, 1999, and ending
8 June 30, 2001.

11 of this Act for ethanol incentives, a maximum of \$750,000 may be paid annually to the
12 producers of agriculturally-derived fuel during the 1999-2001 biennium. For purposes of this
13 section "agriculturally-derived fuel" means fuel that qualifies for the alcohol credit under
14 26 U.S.C. 40, specifically including fuel to which a denaturant has been added.

22 any region's available remaining balance of regional rural development revolving loan funds to
23 another region or regions for the biennium beginning July 1, 1999, and ending June 30, 2001.
24 Of the amount available in the North Dakota development fund, \$4,000,000 or the unobligated
25 balance on July 1, 1999, relating to the transfer of regional rural development revolving loan
26 fund moneys, must continue to be dedicated for the purpose of providing financial assistance,
27 research and development assistance, and loans or equity or debt financing on a matching
28 basis to new or expanded primary sector businesses in areas of the state that are not within
29 five miles [8.05 kilometers] of any city with a population of more than eight thousand. These
