25 Supplement to the North Dakota Century Code is amended and reenacted as follows:

26 7. Unfair discrimination.

27 a. Making or permitting any unfair discrimination between individuals of the  
28 same class and equal expectation of life in the rates charged for any contract  
29 of life insurance or of life annuity or in the dividends or other benefits payable  
30 thereon, or in any other of the terms and conditions of such contract.

- 1           b. Making or permitting any unfair discrimination between individuals of the  
2           same class and of essentially the same hazard in the amount of premium,  
3           policy fees, or rates charged for any policy or contract of accident or health  
4           insurance or in the benefits payable thereunder, or in any of the terms or

8           services, or health care protection insurance available to an individual, or  
9           charging an individual a different rate for the same coverage solely because  
10          of blindness or partial blindness. Refusal to insure includes denial by an  
11          insurer of disability insurance coverage on the grounds that the policy defines  
12          "disability" as being presumed in the event that the insured loses the insured's  
13          eyesight; however, an insurer may exclude from coverage disabilities  
14          consisting solely of blindness or partial blindness when such condition existed  
15          at the time the policy was issued. With respect to all other conditions,  
16          including the underlying cause of the blindness or partial blindness, persons  
17          who are blind or partially blind shall be subject to the same standards of  
18          sound actuarial principles or actual or reasonably anticipated experience as  
19          are sighted persons.
- 20          d. Making or permitting any unfair discrimination between individuals or risks of  
21          the same class and of essentially the same hazard by refusing to insure,  
22          refusing to renew, canceling, or limiting the amount of insurance coverage on  
23          a property or casualty risk solely because of the geographic location of the  
24          risk, unless the action is the result of the application of sound underwriting  
25          and actuarial principles related to actual or reasonably anticipated loss  
26          experience.

27           **SECTION 5. AMENDMENT.** Section 26.1-22-21 of the North Dakota Century Code is

- 4           2.    The limit of liability of such reinsurance contract must be no less than one hundred
- 5                    million dollars for each loss occurrence.

16 office of the fund. A copy of the notice must be mailed to each insurance company licensed to  
17 write fire insurance in this state. On the last Monday in June of each odd-numbered year, the  
18 commissioner, with the approval of the industrial commission, shall contract for the excess loss  
19 reinsurance with the company or group of companies submitting the lowest and best bid for the  
20 two-year period commencing on the ensuing first day of August. The commissioner, with the

29 attorney general may enter an appearance, file a defense, appear by counsel at the trial, or  
30 take any other action the attorney general deems appropriate on behalf of the fund and in the  
31 name of the defendant, and may thereupon, on behalf of the fund and in the name of the
