2. **Narrative:** *Identify the aspects of the measure which cause fiscal impact and include any comments relevant to your analysis.*

Telephone companies have been exempt from rate of return regulation since 1989, unless they have "opted" to remain under rate regulation. Since 1989, one company in ND has "opted" to remain under rate regulation. In 1999, the price schedule (tariff) filing fee requirement was removed from law, but due to the wording of the exemptions in the law, it is unclear whether the one company still opting to be rate regulated has to pay a filing fee or not. In order to promote competitive equality and a level regulatory playing field, this statute is intended to clarify that no telephone company has to pay any filing fee to file a price schedule. The rate regulated company paid 2 filing fees during the 1999-2001 biennium to date, for a total impact of \$100.
