NOMINATIONS FOR INTERIM PRESIDENT PRO TEMPORE

SEN. MUTCH: Mister President and Members of the Senate: I feel personally honored and privileged to place in nomination Senator Bill Bowman of District 39 as President Pro Tem of the Senate during the ensuing interim. Senator Bowman was elected to this body in the fall of 1990, serving his first three sessions on the Human Services Committee and the Agriculture Committee, where he became chairman. He has served the past three sessions on the Appropriations Committee, and I think everyone realizes and appreciates the service that he provides on that committee.

His goal in representing the largest district in the state has always been to support rural and urban issues, values, and people. Mr. President, I proudly present the name of Senator Bill Bowman as Interim President Pro Tempore of the North Dakota Senate.

SEN. KELSH: Mister President, I submit into nomination, my seat mate and friend, Senator David O'Connell. I think he is probably one of the most respected people in this body on both sides of the aisle. He's very thoughtful and I think you could say he's a man who has "been there and done that." He just mentioned that he has been on 61 different conference committees so I think he understands all the issues that have been brought before us this session.

While serving on the Education Committee and other committees he is very diplomatic, I think you all know that, as well as being strong and very independent. He does what he thinks is best for the people of his district and the state of North Dakota. He is not partisan in any shape. He is very responsible. He talks about rural issues; he "hangs in there." He is responsible to the people who elected him and sent him here.

I don't think anyone could say he does not have a sense of humor. After sitting with me for the last couple of sessions, he still smiles, he's got to have a sense of humor. He is very even tempered; I've never seen him lose it. That, I think, is the reason he is so well-respected. I ask you to give him every consideration as President Pro Tem of the Senate. Thank you.

ANNOUNCEMENT

PRESIDENT DALRYMPLE ANNOUNCED that the vote for the office of Interim President Pro Tempore showed the Senate was in favor of electing Senator Bowman as Interim President Pro Tempore.

REMARKS BY SENATOR O'CONNELL

Thank you Mister President. Any other day I'd ask for a recount, or a verification vote. I don't know what to say. I think I need to apologize to my seat mate, because I called him a "scoundrel" the other day. I called him a scoundrel for something he said but I've come to realize that scoundrels can be sociable, too. Thank you, Senator Kelsh, for such a great tribute.

I move that the Senate cast a unanimous ballot for the Senator Bowman as Interim President Pro Tem. I wish to be the first to congratulate Senator Bowman and pray that the Lord be with him and his mother at this time. I also would like to extend an invitation to everyone in the Senate to attend my wedding to Ann Johnson at two o'clock on June 3, 2001, at St. Mark's Catholic Church in Bottineau.

MOTION

The motion that the Senate cast a unanimous ballot in favor of Senator Bowman as Interim President Pro Tempore prevailed.

MOTION

SEN. G. NELSON MOVED that a committee of two be appointed to escort the Interim President Pro Tem, Senator Bill Bowman, to the rostrum, which motion prevailed.

OATH OF OFFICE

PRESIDENT DALRYMPLE APPOINTED Sens. Nething and O'Connell as a committee of two, to escort Sen. Bowman to the rostrum for the Oath of Office, which was administered by the President.

REMARKS OF SENATOR BOWMAN

Mister President, Chamber Staff, and fellow Senators: It is an honor to stand before you today as your elected President Pro Tem. My congratulations to the minority party selection, Senator O'Connell, from District 6. Also, I applaud Senator Krebsbach for the great job she did serving this past session. She deserves a hand.

Who would have "thunk it" that a child of nine, going to a rural school in Slope County (Mound) would end up as the majority party nominee for President Pro Tem? I thought serving as Slope County YCL President was a great honor. This was my very first visit to Bismarck, learning about how state government works. I was in the eighth grade. I was overwhelmed at the sight of this Capitol. Then to be elected a Senator from the largest rural district in the state was indeed, and still is, the greatest experience of my life. Now, being elected by my peers as President Pro Tem tops the chart. My youngest daughter would probably say, "Cool, Dad."

I will do my very best, if called upon, to conduct the business of the Senate in a professional manner, respecting both the majority and minority parties. Once again, thanks.

MOTION

SEN. CHRISTMANN MOVED that the remarks of Sen. Bowman be printed in the Journal, which motion prevailed.

COMMUNICATION FROM GOVERNOR JOHN HOEVEN

April 28, 2001

Attached please find Senate Bill 2012, section 7 of which I hereby veto. Section 7 of the bill increases the speed limit upon the interstate highways of North Dakota to 75 miles per hour. This is a policy I cannot endorse because we do not have adequate enforcement mechanisms in place to accommodate this increase in speed limits.

Specifically, Senate Bill 2088 makes adjustments to the fees and points assessed for speeding, but does not adequately address higher speed limits upon the interstates. In short, we would be left with a higher speed limit, without adequately addressing penalties for exceeding those new limits.

For these reasons, I respectfully veto section 7 of the bill and return it to the Senate.

If, during the biennium beginning July 1, 2001, and ending June 30, 2003, the federal government reduces funding below the level anticipated by the fifty-seventh legislative assembly for any programs administered by the department of corrections and rehabilitation, the department may not supplant the federal funds with general or special fund moneys without first obtaining the approval of the budget section of the legislative council. The department's budget request for the biennium beginning July 1, 2003, and ending June 30, 2005, must identify any programs for which general or special fund appropriation authority is requested to replace federal funds previously available for the program.

SECTION 9. OPERATION OF "PRERELEASE" AND "DUI OFFENDER TREATMENT" PROGRAMS - REPORT TO THE FIFTY-EIGHTH LEGISLATIVE ASSEMBLY. During the biennium beginning July 1, 2001, and ending June 30, 2003, the department of corrections and rehabilitation shall monitor the operation of the programs known as the "prerelease center" and the "DUI offender treatment center" authorized by the fifty-seventh legislative assembly. The department shall present a report to the appropriations committees of the fifty-eighth legislative assembly regarding the operation of the programs, including the impact of the programs on recidivism rates; the cost-effectiveness of the programs; the success of the programs; the ability to collect fees, if any, from the participating inmates; and a comparison of the costs and benefits of the "prerelease center" and the "DUI offender treatment center" to other forms of treatment or incarceration.

SECTION 10. LEGISLATIVE INTENT - FUNDING FOR DRUG COURT PROGRAM. It is the intent of the fifty-seventh legislative assembly that the department of corrections and rehabilitation seek federal funding to support the drug court program during the biennium beginning July 1, 2001, and ending June 30, 2003. If federal funds do not become available to the department to support the program, special funds derived from other income of the department may be used to fund the program. If federal funds become available during the biennium, the department must use the federal funds, and any required matching funds to be provided from special funds, to fund the program for the remainder of the biennium before funds from any other source are used for this purpose. Special fund moneys not used for the drug court program

pursuant to this section must be used in place of general fund moneys appropriated by the fifty-seventh legislative assembly for other programs operated by the department.

SECTION 11. AMENDMENT. Section 12-59-02 of the 1999 Supplement to the North Dakota Century Code is amended and reenacted as follows:

12-59-02. Meetings - Compensation - Rules. The governor shall appoint a member of the parole board to be chairman. The chairman of the parole board shall designate three members of the parole board for each meeting of the parole board. Meetings of the parole board must be held in accordance with rules established by the parole board and must be held as often as required to properly conduct the business of the board, but in any event not less than six times per year. The parole board may only take action upon the concurrence of at least two members who participated in the same meeting. The final decision of at least two parole board members who participated in the same parole board meeting constitutes the decision of the parole board. Members are entitled to be compensated at the rate of ~~sixty-two~~ seventy-five dollars ~~and fifty cents~~ per day for each day actually and necessarily spent in the performance of their duties as board members plus the same mileage and expenses as are authorized for state officials and employees. The director of the division of parole and probation, or the director's designee, is the clerk for the parole board.

SECTION 12. AMENDMENT. Subsection 1 of section 12.1-32-08 of the North Dakota Century Code is amended and reenacted as follows:

1. ~~Prior to~~ Before imposing restitution or reparation as a sentence or condition of probation, the court shall hold a hearing on the matter with notice to the prosecuting attorney and to the defendant as to the nature and amount thereof. The court, when sentencing a person adjudged guilty of criminal activities ~~which~~ that have resulted in pecuniary damages, in addition to any other sentence it may impose, shall order that the defendant make restitution to the victim or other recipient as determined by the court, unless the court states on the record, based upon the criteria in this subsection, the reason it does not order restitution or orders only partial restitution. In determining whether to order restitution, the court shall take into account:
 - a. The reasonable damages sustained by the victim or victims of the criminal offense, which damages ~~must be~~ are limited to those directly related to the criminal offense and expenses actually incurred as a direct result of the defendant's criminal action. This can include an amount equal to the cost of necessary and related professional services and devices relating to physical, psychiatric, and psychological care. The defendant may be required as part of the sentence imposed by the court to pay the prescribed treatment costs for a victim of a sexual offense as defined in chapters 12.1-20 and 12.1-27.2.
 - b. The ability of the defendant to restore the fruits of the criminal action or to pay monetary reparations, or to otherwise take action to restore the victim's property.
 - c. The likelihood that attaching a condition relating to restitution or reparation will serve a valid rehabilitational purpose in the case of the particular offender considered.

The court shall fix the amount of restitution or reparation, which may not exceed an amount the defendant can or will be able to pay, and shall fix the manner of performance of any condition or conditions of probation established pursuant to this subsection. The court ~~may~~ shall order restitution be paid to the division of ~~parole and probation~~ adult services for any benefits ~~it~~ the division has paid or may pay under chapter 54-23.4 unless the court, on the record, directs otherwise. Any payments made pursuant to ~~such~~ the order must be deducted from damages awarded in a civil action arising from the same incident. An order that a defendant make restitution or reparation as a sentence or condition of probation may, unless the court directs otherwise, be filed, transcribed, and enforced by the person entitled to the restitution or reparation or by the division of adult services in the same manner as civil judgments rendered by the courts of this state may be enforced.

SECTION 13. A new section to chapter 54-23.3 of the North Dakota Century Code is created and enacted as follows:

Reports regarding new programs. Notwithstanding the powers granted under section 54-23.3-04, the director of the department of corrections and rehabilitation may not authorize any new program to serve adult or juvenile offenders, including programs that provide alternatives to conventional incarceration and programs operated on a contract basis, if the program is anticipated to cost in excess of one hundred thousand dollars during the biennium in which the program is implemented or any subsequent biennium without first reporting to the legislative assembly or, if the legislative assembly is not in session, the budget section of the legislative council.

SECTION 14. AMENDMENT. Subsection 2 of section 54-23.4-12 of the 1999 Supplement to the North Dakota Century Code is amended and reenacted as follows:

2. ~~Prior to~~ Before bringing an action to recover damages related to criminally injurious conduct for which compensation is claimed or awarded, the claimant shall give the division written notice of the proposed action. If a claimant brings an action for the recovery of damages related to criminally injurious conduct for which compensation is claimed or awarded, the division is subrogated to the rights of the claimant up to the total amount the division has paid. When there has been a recovery of damages, the costs of the action, to be paid by the division from the recovery, exclusive of attorney's fees, must be prorated and adjusted on the percentage of the total subrogation interest of the division recovered to the total recovery. If there is a recovery, the division shall pay attorney's fees to the claimant's attorney from the recovery in the amount of twenty-five percent of the subrogation interest recovered. For purposes of this section, recovery includes proceeds paid pursuant to a settlement, confession of judgment, or judgment of a court. The division may intervene in the action to recover compensation awarded. The division has a lien on a recovery to the extent it has paid compensation. The division is not liable for costs or attorney's fees when the claimant has not provided the division prior written notice of the commencement of an action. If a claimant does not bring an action for damages within six months from the date the division awarded benefits, the division may bring an action or claim for relief in the division's name and may retain as the division's subrogation interest the full amount the division has paid in compensation and benefits to a claimant. The division may bring an action within two years from the date the division first awarded benefits, notwithstanding any other statute of limitation. This section does not limit the claimant's right to bring an action to recover for other damages."

Renumber accordingly

¹ The Senate version included one FTE security officer I for the Youth Correctional Center and one FTE administrative assistant I for the Juvenile Community Services Division. This amendment reduces the salaries and wages line item by \$41,000 (\$12,000 for Juvenile Community Services and \$29,000 for the Youth Correctional Center) to reflect an anticipated reduction in the need for temporary employees as a result of the new positions, the same as the House version.

² The Juvenile Services Division operating expenses line item is reduced to reflect the following changes:

	GENERAL FUND	OTHER FUNDS	TOTAL
Juvenile Community Services (JCS)	(\$55,000)		(\$55,000)
Division - Various reductions			
JCS Division - Juvenile transportation costs (SB 2220 with House amendments)	(41,475)		(41,475)
YCC - Administration	(7,500)		(7,500)
YCC - Education	(10,000)		(10,000)
Total change from Senate version	(\$113,975)	\$0	(\$113,975)

The House had reduced these items by \$139,475.

³ This amendment reduces the amount appropriated to the Youth Correctional Center for "other" equipment from \$54,729 to \$49,729. The House had reduced this by \$34,000.

⁴ The Senate version for the Juvenile Services Division included \$291,375 for salary adjustments, in addition to the executive budget compensation package, to increase teacher salaries pursuant to a composite salary schedule developed by the Central Personnel Division. This amendment reduces this amount to \$200,000, the same as the House version.

⁵ The Senate version for the Juvenile Services Division included funding for the purchase of 50 new desktop computers and three new laptop computers, budgeted at a price of \$2,200 per desktop and \$3,000 per laptop. This amendment reduces the budgeted prices to \$1,400 per desktop and \$1,750 per laptop, the same as the House version.

⁶ The total number of desktop computers budgeted to be replaced by the Department of Corrections and Rehabilitation is reduced by approximately 27 percent, from 106 to 77, the same as the House version. The number of budgeted desktop computer purchases is reduced from 50 to 36 for the Juvenile Services Division, the same as the House version.

This amendment does not reduce funding for heating plant improvements at the Youth Correctional Center. The House version had reduced this item by \$36,320 from the general fund.

This amendment removes the following sections included in the House amendment:

- The section which provided that any moneys budgeted by the Youth Correctional Center for teacher contracts for the summer education program but not spent for that purpose must be returned to the general fund at the end of the 2001-03 biennium.
- The section which authorized the department to transfer funds between the subdivisions and program line items included in the bill for the purpose of providing for computer purchases.
- The section which provided that any moneys budgeted for the operation of the prerelease center but not spent for that purpose may not be used for any other purpose except contracting for inmate housing.

This amendment also adds the following sections:

- Section 4, which directs the Legislative Council to consider studying issues relating to inmate wages and various deductions from those wages.
- Section 5, which directs the Legislative Council to consider studying the facility needs of the Department of Corrections and Rehabilitation.
- Section 6, which provides an appropriation of \$200,000 to the Legislative Council for a study.
- Section 7, which provides for the Budget Section authorization, after a study, of the women's unit.
- Section 8, which provides that if federal funding is reduced during the 2001-03 biennium, the department may not supplant the federal funds with general or special funds. The department must also identify any programs included in its 2003-05 biennium budget request for which general or special fund appropriation authority is requested to replace federal funds previously available for the program.
- Section 9, which directs the department to report to the Appropriations Committees of the Fifty-eighth Legislative Assembly on the effectiveness of the prerelease and DUI offender treatment programs.
- Section 10, which provides legislative intent that the department seek federal funding for the drug court program. If federal funds become available, the department must spend the federal funds in place of the special funds appropriated for the program; the special funds appropriation for the program must then be used in place of general fund moneys appropriated for other programs.
- Section 11, which amends North Dakota Century Code (NDCC) Section 12-59-02 to increase the compensation rate for Parole Board members from \$62.50 per day to \$75 per day.
- Section 13, which creates a new section to NDCC Chapter 54-23.3 to require the department to report to the Legislative Assembly or the Budget Section before establishing any new correctional program.
- Sections 12 and 14, which amend NDCC Sections 12.1-32-08 and 54-23.4-12 to provide that if crime victims compensation is awarded, the department has the right of subrogation to initiate a claim for relief to recover funds from a collateral source.

Engrossed SB 2016 was placed on the Seventh order of business on the calendar.

- ¹ The Conference Committee amendment restores one FTE removed by the House and reduces operating expenses by \$20,000. The Senate restored \$100,000 to salaries and wages reduced by the House and the FTE position removed by the House. In addition, the Senate removed \$120,000 from the operating expenses line item.
- ² The Conference Committee amendment includes the Senate change to add funding for dues to the Education Commission of the States.
- ³ The House version of House Bill No. 1013 included a general fund appropriation of \$1,289,643 for developing and administering standards-based assessments, as required for the state to be eligible to continue receiving federal Title I funding. The Department of Public Instruction has received a proposal to develop and administer the required tests at a cost of \$1,212,928 for the 2001-03 biennium. In addition, the department has indicated that the cost of reporting the results, as required by House Bill No. 1293, will be an additional \$5,000. The Conference Committee and Senate versions provide \$1,217,928 to fully fund the federal Title I testing and the requirements of House Bill No. 1293.
- ⁴ The Conference Committee and Senate versions increase the appropriation for limited English proficiency payments from \$450,000 to \$650,000 to provide for the payment levels specified in House Bill No. 1321.
- ⁵ North Dakota Century Code (NDCC) Section 15-40.1-07.8 provides a formula for the distribution of supplemental payments to school districts. The formula limits the amount each district qualifies for and does not provide a mechanism to allow the distribution of any remaining funds. For the 1999-2001 biennium, the department estimates that \$420,838 will remain unspent and will be general fund turnback. For the 2001-03 biennium, the department estimates that the statutory formula will only allow the distribution of approximately \$2.2 million. The House amended NDCC Section 15-40.1-07.8 to allow the department to adjust the formula to distribute all supplemental payment funds appropriated for the 1999-2001 biennium and future bienniums. The Senate and Conference Committee versions remove the statutory changes proposed by the House and reduce the appropriation accordingly.
- ⁶ The Conference Committee amendment includes the Senate change to increase funding for the Governor's school program by \$60,000, as included in the Schafer and Hoeven executive budget recommendations.
- ⁷ The Schafer and Hoeven budget recommendations included \$33,000 for the teacher certification program. The House reduced the funding to \$20,000, which is the same as the amount appropriated for the 1999-2001 biennium. House Bill No. 1344 includes \$41,500 for this program. Consequently, this amendment removes the funding from this bill.
- ⁸ The Conference Committee amendment includes the Senate change to increase funding for teacher centers.
- ⁹ In the Conference Committee and Senate versions, funding and FTE authority relating to the Division of Independent Study are removed from the Department of Public Instruction and reflected in a separate subdivision of the bill.
- ¹⁰ The teacher compensation payments line item is reduced and foundation aid is increased to reflect the payment levels provided in House Bill No. 1344.
- ¹¹ House Bill No. 1344 appropriates \$200,000 to the Department of Public Instruction for developing a school district employee compensation report. The appropriation provides salaries and related expenses for a new FTE position at the department.

² The House added a new training officer II position. The Senate amendment adds \$10,000 for operating expenses relating to the position and for other costs incurred by the agency.

This amendment changes Section 7 of the engrossed bill, which limits the number of FTE positions to be included in the department's 2003-05 biennium base budget request, to reflect the removal of the FTE positions relating to the Division of Independent Study and other FTE changes. The base budget request for the 2003-05 biennium will be limited to 94.25 FTE, one less than the Conference Committee version for the 2001-03 biennium.

This amendment also adds new sections as follows:

- Section 4 directs the Department of Public Instruction to use \$20,000 of the amount appropriated for operating expenses to fund the Red River Valley writing project. The Schafer and Hoeven executive recommendations and the House version included \$10,000 for this project. The Senate amendment directs the department to spend an additional \$10,000 for this project but does not provide additional funding.
- Section 5 directs the department to spend \$1,217,928 of the amount appropriated for operating expenses to develop and administer student tests aligned with the state content standards and to report the results of the tests.
- Section 6 provides that, in addition to other salary increases appropriated by the Legislative Assembly, teachers at the Division of Independent Study, the School for the Blind, and the School for the Deaf will be provided salary increases of \$1,000 for the first year of the biennium and an additional \$2,000 for the second year of the biennium (total of \$4,000 per teacher for the biennium). The Senate version provided a total of \$5,250 per teacher for the biennium. The amounts included in the salaries and wages line items for the respective agencies are:

Division of Independent Study - \$72,800
 School for the Deaf - \$74,000
 School for the Blind - \$56,200

- Sections 15 and 17 increase the reimbursement rate from 25 cents to 35 cents per mile for in-city busing for schoolbuses with a capacity of 10 or more students.
- Section 18, which appropriates \$13,000 from the general fund to the State Board for Vocational and Technical Education for grants.

The state water commission may use up to \$5,000,000 from the resources trust fund and from bond proceeds to provide a cost share for constructing and improving levees at Devils Lake during the biennium beginning July 1, 2001, and ending June 30, 2003. This authority is for the nonfederal cost share of any Devils Lake levee construction or improvement project, however, this authority exists only if no other funds, whether from state, federal, or local sources, may be used by the state water commission to satisfy the project's nonfederal cost share. If bonds are issued, the state water commission may use an amount over \$5,000,000 necessary to cover the cost of issuing the bonds. To the extent money is used under this section, the \$20,000,000 cap in subsection 1 of section 14 of House Bill No. 1023, and the \$67,800,000 cap in section 16 of House Bill No. 1023 is increased by the amount used. SECTION 20. LEGISLATIVE INTENT - ELIMINATION OF CERTAIN DEPUTY POSITIONS IN 2003-05 BIENNIUM. It is the intent of the legislative assembly that the

appropriations measures submitted to the fifty-eighth legislative assembly do not include funding for the positions of deputies in any agency with fewer than thirty full-time equivalent positions for the 2003-05 biennium. It is the intent of the legislative assembly that the governor, when submitting the budget for the 2003-05 biennium, include legislation to amend North Dakota Century Code section 44-03-01 and any other appropriate statutory provisions to eliminate the authority to appoint a deputy for any state officer whose office has fewer than thirty full-time equivalent positions authorized for the 2003-05 biennium.

SECTION 21. FORGIVENESS OF FARGO FAMILY HEALTHCARE CENTER DEBT - BUDGET SECTION APPROVAL. The plan must be presented to and approved by the budget section before the budget section considers approval of the debt writeoff.

SECTION 22. LEGISLATIVE COUNCIL STUDY. The legislative council shall consider studying during the 2001-02 interim health insurance company benefit limitations, including maximum payments or reimbursements for prescribed medicines and treatments and the effect of limiting benefit payments or reimbursements on consumers, family members, and individuals with incurable illnesses. L. 103-328; 108 Stat. 2338; 12 U.S.C. 1811 et seq.], interstate banking in this state. However, to the extent a state imposes a restriction on the ability of a North Dakota bank holding company to acquire a bank in that state and the restriction is based on the length of time either bank has existed, that restriction must apply to any acquisition of a North Dakota bank by a bank holding company located in that state but does not apply to any bank established in this state on July 31, 1997.

SECTION 24. A new section to chapter 15-10 of the North Dakota Century Code is created and enacted as follows:

Capital construction projects - Local fund sources - Local matching funds - Report to budget section. If any institution under the control of the state board of higher education undertakes a capital construction project, including any renovation or expansion, with the approval of the legislative assembly, all local funds to be used for the project must be derived from sources that have been presented to and approved by the legislative assembly or the budget section pursuant to section 15-10-12.1. The source of any local matching funds required for state-funded or bonded projects must be funds raised and designated for the project and may not include funding from the state general fund, state and federal grant and contract funds, tuition or fees, endowment or investment income, institutional sales and services income including indirect and administrative costs, or transfers or loans from other institutions' funds or agency funds unless the institution has received prior approval from the legislative assembly or from the budget section pursuant to section 15-10-12.1. Each institution undertaking a capital construction project that was approved by the legislative assembly and for which local funds are to be used shall present a biennial report to the budget section of the legislative council detailing the source of all funds used in the capital construction project including local funds. This section applies to projects approved after July 1, 2001.

¹ This amendment reduces funding for the state contingency fund by \$100,000, from \$600,000, to \$500,000. Funding of \$600,000 was provided for the 1999-2001 biennium.

² This amendment reduces funding provided for replenishing the preplanning revolving fund by \$112,000, from \$207,000 to \$95,000. The funding provided will result in \$250,000 of total available funds in the preplanning revolving fund, an increase of \$50,000 from the 1999-2001 level.

³ This amendment reduces funding for a statewide salary pool for equity increases for classified state employees by \$400,000, from \$5,400,000 to \$5,000,000, of which \$2,700,000 is from the general fund and \$2,300,000 is from special funds.

⁴ This amendment removes funding related to the Division of Community Services in order to implement the consolidation of the Department of Economic Development and Finance, the Division of Community Services, and the Tourism Department into a new Department of Commerce as recommended in the Hoeven executive budget and to be provided for in Senate Bill No. 2019.

⁵ This amendment provides a special fund appropriation of \$150,000 and one FTE position to the Office of Management and Budget for activity involved with the establishment of a single workers' compensation account for state entities to be administered by the Risk Management Division of the Office of Management and Budget. This change was not made by either the House or Senate.

This amendment anticipates that the Office of Management and Budget and the Emergency Commission will not spend \$198,000 of the \$600,000 in funding provided for the 1999-2001 biennium for state contingencies. This will result in additional general fund turnback of \$198,000 at the end of the 1999-2001 biennium which will be reflected in the legislative budget status as an increase to the July 1, 2001, general fund balance. This represents a decrease of \$102,000 from the amount of additional general fund turnback anticipated by the Senate of \$300,000.

¹ The executive budget for the State Radio Communications Division of the Office of Management and Budget recommended funding of \$400,000 from the general fund for developing a statewide radio system engineering plan. The House amendments to House Bill No. 1015 changed the funding source for the development of a plan from the general fund to special funds collected through a special assessment to fire and tornado fund policyholders. This amendment removes the special funds of \$400,000 provided for developing the plan and Sections 13, 14, 15, and 16 of the engrossed bill relating to a reduction in fire and tornado insurance premiums, a special fire and tornado fund assessment, and the establishment of a statewide radio system planning fund and adds a section of legislative intent that allows the State Radio Communications Division to request a transfer from the Emergency Commission's state contingency appropriation of \$100,000 for matching funds from federal or other sources for the development of a statewide radio system engineering plan.

House Bill No. 1015 - Other Changes - Conference Committee Action

This amendment also includes the following provisions adopted in the Senate amendments to the bill:

- Amend Section 5 and remove Section 6 of the engrossed bill to remove the provision that any agency may provide additional average salary increases of one percent for the second year of the 2001-03 biennium to the extent that the increases can be paid without an increase in the agency's appropriation and to add a statement that agency salaries and wages appropriations in total are increased by approximately two percent for the 2001-03 biennium relating to increased health insurance benefit costs.
- Amend Section 9 of the engrossed bill to reduce the amount of anticipated proceeds to be realized from the sale of loans in the developmental disabilities revolving loan fund by \$700,000, from \$2,700,000 to \$2,000,000. (The fiscal impact resulting from this change was included in the budget status based on the committee motion on March 16, 2001.)
- Amend Sections 11 and 12 of the engrossed bill to increase the amount to be transferred to the state general fund from the Bank of North Dakota by \$10 million, from \$50 million to \$60 million, and to increase the Bank's capital structure limit from \$100 million to \$140 million.

- Add a section to the bill to provide a conditional exemption for state property from city special assessments for flood control (Section 17).
- Create a new section to the North Dakota Century Code (NDCC) which requires the Office of Management and Budget, in conjunction with the Information Technology Department, to complete a cost-benefit analysis for each new building construction project requested in state agency budget requests and report on the cost-benefit analyses for those projects included in the Governor's budget to the Legislative Assembly (Section 28).

This amendment also adds the following provisions:

- Section 2 provides a \$125,000 general fund appropriation to the Department of Human Services for the Indian county allocation.
- Section 16 provides a transfer of \$160,000 from the state contingency appropriation of the Emergency Commission to the Adjutant General for expenses relating to 2001 spring flood prevention.

The legislative council shall report its findings and recommendations, together with any

legislation required to implement the recommendations, to the fifty-eighth legislative assembly.

SECTION 5. DEPARTMENT OF CORRECTIONS AND REHABILITATION - FACILITY AND OPERATIONS - LEGISLATIVE COUNCIL STUDY. The legislative council shall study, during the 2001-02 interim, the facilities and operations of the department of corrections and rehabilitation and report its findings and recommendations, together with any legislation required to implement the recommendations, to the fifty-eighth legislative assembly. The study must include the use of consultant services as determined by the legislative council. The study must include the following:

1. An analysis and evaluation of all facilities currently used by the department of corrections and rehabilitation and all facilities currently used by the state hospital which may at some time be used by the department, including:
 - a. The age, condition, and adequacy of each facility.
 - b. The operational efficiency of each facility, including utility costs and staffing needs.
 - c. Modifications, if any, required to allow the department to meet the various needs of adult offenders.
2. An analysis and evaluation of future facility needs, including:
 - a. The types of facilities needed to serve adult offenders.
 - b. The most appropriate location for the department's various facilities, considering:
 - (1) The operational inefficiencies of maintaining multiple facilities.

 - (3) The availability of education, treatment, and work programs for inmates.
3. An analysis and evaluation of the staffing needs of the department, including:
 - a. Current staff utilization and needs at each facility.
 - b. Availability of potential employees in each region in which the department operates or may operate a correctional facility.
4. An analysis and evaluation of the anticipated need for additional prison beds, considering the following:

 - c. Trends in occurrence and types of crime committed in the state.
 - d. The utilization and availability of existing and proposed county or regional correctional facilities.
 - e. The utilization and availability of existing and proposed private correctional facilities.
5. A cost-benefit analysis of the department's current and proposed programs, considering:
 - a. The effect on recidivism.
 - b. The necessity and effectiveness of providing rehabilitation and treatment services.

- c. The availability of rehabilitation and treatment services which could be provided by entities or agencies other than the department, including regional human service centers.

SECTION 6. APPROPRIATION. There is appropriated out of any moneys in the general fund in the state treasury, not otherwise appropriated, the sum of \$200,000, or so much of the sum as may be necessary, to the legislative council for the biennium beginning July 1, 2001, and ending June 30, 2003, for the purpose of contracting with a consultant to conduct the study as provided in section 5 of this Act.

SECTION 7. FEDERAL FUNDING REDUCTIONS - BUDGET SECTION APPROVAL. If, during the biennium beginning July 1, 2001, and ending June 30, 2003, the federal government reduces funding below the level anticipated by the fifty-seventh legislative assembly for any programs administered by the department of corrections and rehabilitation, the department may not supplant the federal funds with general or special fund moneys without first obtaining the approval of the budget section of the legislative council. The department's budget request for the biennium beginning July 1, 2003, and ending June 30, 2005, must identify any programs for which general or special fund appropriation authority is requested to replace federal funds previously available for the program.

SECTION 8. OPERATION OF "PRERELEASE" AND "DUI OFFENDER TREATMENT" PROGRAMS - REPORT TO THE FIFTY-EIGHTH LEGISLATIVE ASSEMBLY. During the biennium beginning July 1, 2001, and ending June 30, 2003, the department of corrections and rehabilitation shall monitor the operation of the programs known as the "prerelease center" and the "DUI offender treatment center" authorized by the fifty-seventh legislative assembly. The department shall present a report to the appropriations committees of the fifty-eighth legislative assembly regarding the operation of the programs, including the impact of the programs on recidivism rates; the cost-effectiveness of the programs; the success of the programs; the ability to collect fees, if any, from the participating inmates; and a comparison of the costs and benefits of the "prerelease center" and the "DUI offender treatment center" to other forms of treatment or incarceration.

SECTION 9. LEGISLATIVE INTENT - FUNDING FOR DRUG COURT PROGRAM. It is the intent of the fifty-seventh legislative assembly that the department of corrections and rehabilitation seek federal funding to support the drug court program during the biennium beginning July 1, 2001, and ending June 30, 2003. If federal funds do not become available to the department to support the program, special funds derived from other income of the department may be used to fund the program. If federal funds become available during the biennium, the department must use the federal funds, and any required matching funds to be provided from special funds, to fund the program for the remainder of the biennium before funds from any other source are used for this purpose. Special fund moneys not used for the drug court program pursuant to this section must be used in place of general fund moneys appropriated by the fifty-seventh legislative assembly for other programs operated by the department.

SECTION 10. AMENDMENT. Section 12-59-02 of the 1999 Supplement to the North Dakota Century Code is amended and reenacted as follows:

12-59-02. Meetings - Compensation - Rules. The governor shall appoint a member of the parole board to be chairman. The chairman of the parole board shall designate three members of the parole board for each meeting of the parole board. Meetings of the parole board must be held in accordance with rules established by the parole board and must be held as often as required to properly conduct the business of the board, but in any event not less than six times per year. The parole board may only take action upon the concurrence of at least two members who participated in the same meeting. The final decision of at least two parole board members who participated in the same parole board meeting constitutes the decision of the parole board. Members are entitled to be compensated at the rate of ~~sixty-two~~ ~~seventy-five~~ ~~dollars and fifty cents~~ per day for each day actually and necessarily spent in the performance of their duties as board members plus the same mileage and expenses as are authorized for state officials and employees. The director of the division of parole and probation, or the director's designee, is the clerk for the parole board.

SECTION 11. AMENDMENT. Subsection 1 of section 12.1-32-08 of the North Dakota Century Code is amended and reenacted as follows:

1. ~~Prior to~~ Before imposing restitution or reparation as a sentence or condition of probation, the court shall hold a hearing on the matter with notice to the prosecuting attorney and to the defendant as to the nature and amount thereof. The court, when sentencing a person adjudged guilty of criminal activities ~~which that~~ have resulted in pecuniary damages, in addition to any other sentence it may impose, shall order that the defendant make restitution to the victim or other recipient as determined by the court, unless the court states on the record, based upon the criteria in this subsection, the reason it does not order restitution or orders only partial restitution. In determining whether to order restitution, the court shall take into account:
 - a. The reasonable damages sustained by the victim or victims of the criminal offense, which damages ~~must be~~ are limited to those directly related to the criminal offense and expenses actually incurred as a direct result of the defendant's criminal action. This can include an amount equal to the cost of necessary and related professional services and devices relating to physical, psychiatric, and psychological care. The defendant may be required as part of the sentence imposed by the court to pay the prescribed treatment costs for a victim of a sexual offense as defined in chapters 12.1-20 and 12.1-27.2.
 - b. The ability of the defendant to restore the fruits of the criminal action or to pay monetary reparations, or to otherwise take action to restore the victim's property.
 - c. The likelihood that attaching a condition relating to restitution or reparation will serve a valid rehabilitational purpose in the case of the particular offender considered.

The court shall fix the amount of restitution or reparation, which may not exceed an amount the defendant can or will be able to pay, and shall fix the manner of performance of any condition or conditions of probation established pursuant to this subsection. The court ~~may~~ shall order restitution be paid to the division of ~~parole and probation adult services~~ for any benefits ~~if the division has paid or may pay under chapter 54-23.4 unless the court, on the record, directs otherwise.~~ Any payments made pursuant to ~~such the~~ order must be deducted from damages awarded in a civil action arising from the same incident. An order that a defendant make restitution or reparation as a sentence or condition of probation may, unless the court directs otherwise, be filed, transcribed, and enforced by the person entitled to the restitution or reparation ~~or by the division of adult services~~ in the same manner as civil judgments rendered by the courts of this state may be enforced.

SECTION 12. A new section to chapter 54-23.3 of the North Dakota Century Code is created and enacted as follows:

Reports regarding new programs. Notwithstanding the powers granted under section 54-23.3-04, the director of the department of corrections and rehabilitation may not authorize any new program to serve adult or juvenile offenders, including programs that provide alternatives to conventional incarceration and programs operated on a contract basis, if the program is anticipated to cost in excess of one hundred thousand dollars during the biennium in which the program is implemented or any subsequent biennium without first reporting to the legislative assembly or, if the legislative assembly is not in session, the budget section of the legislative council.

SECTION 13. AMENDMENT. Subsection 2 of section 54-23.4-12 of the 1999 Supplement to the North Dakota Century Code is amended and reenacted as follows:

2. ~~Prior to~~ Before bringing an action to recover damages related to criminally injurious conduct for which compensation is claimed or awarded, the claimant shall give the division written notice of the proposed action. If a claimant brings an action for the recovery of damages related to criminally injurious conduct for which compensation is claimed or awarded, the division is subrogated to the rights of the claimant up to the total amount the division has paid. When there has been a recovery of damages, the costs of the action, to be paid by the division from the recovery, exclusive of attorney's fees, must be prorated and adjusted on the percentage of the total subrogation interest of the division recovered to the total recovery. If

there is a recovery, the division shall pay attorney's fees to the claimant's attorney from the recovery in the amount of twenty-five percent of the subrogation interest recovered. For purposes of this section, recovery includes proceeds paid pursuant to a settlement, confession of judgment, or judgment of a court. The division may intervene in the action to recover compensation awarded. The division has a lien on a recovery to the extent it has paid compensation. The division is not liable for costs or attorney's fees when the claimant has not provided the division prior written notice of the commencement of an action. If a claimant does not bring an action for damages within six months from the date the division awarded benefits, the division may bring an action or claim for relief in the division's name and may retain as the division's subrogation interest the full amount the division has paid in compensation and benefits to a claimant. The division may bring an action within two years from the date the division first awarded benefits, notwithstanding any other statute of limitation. This section does not limit the claimant's right to bring an action to recover for other damages."

Renumber accordingly

¹ The Senate version included one FTE security officer I for the Youth Correctional Center and one FTE administrative assistant I for the Juvenile Community Services Division. This amendment reduces the salaries and wages line item by \$41,000 (\$12,000 for Juvenile Community Services and \$29,000 for the Youth Correctional Center) to reflect an anticipated reduction in the need for temporary employees as a result of the new positions, the same as the House version.

² The Juvenile Services Division operating expenses line item is reduced to reflect the following changes:

	GENERAL FUND	OTHER FUNDS	TOTAL
Juvenile Community Services (JCS) Division - Various reductions	(\$55,000)		(\$55,000)
JCS Division - Juvenile transportation costs (SB 2220 with House amendments)	(41,475)		(41,475)
YCC - Administration	(7,500)		(7,500)
YCC - Education	(10,000)		(10,000)
Total change from Senate version	(\$113,975)	\$0	(\$113,975)

The House had reduced these items by \$139,475.

³ This amendment reduces the amount appropriated to the Youth Correctional Center for "other" equipment from \$54,729 to \$49,729. The House had reduced this by \$34,000.

⁴ The Senate version for the Juvenile Services Division included \$291,375 for salary adjustments, in addition to the executive budget compensation package, to increase teacher salaries pursuant to a composite salary schedule developed by the Central Personnel Division. This amendment reduces this amount to \$200,000, the same as the House version.

⁵ The Senate version for the Juvenile Services Division included funding for the purchase of 50 new desktop computers and three new laptop computers, budgeted at a price of \$2,200 per desktop and \$3,000 per laptop. This amendment reduces the budgeted prices to \$1,400 per desktop and \$1,750 per laptop, the same as the House version.

⁶ The total number of desktop computers budgeted to be replaced by the Department of Corrections and Rehabilitation is reduced by approximately 27 percent, from 106 to 77, the same as the House version. The number of budgeted desktop computer purchases is reduced from 50 to 36 for the Juvenile Services Division, the same as the House version.

This amendment does not reduce funding for heating plant improvements at the Youth Correctional Center. The House version had reduced this item by \$36,320 from the general fund.

This amendment removes the following sections included in the House amendment:

- The section which provided that any moneys budgeted by the Youth Correctional Center for teacher contracts for the summer education program but not spent for that purpose must be returned to the general fund at the end of the 2001-03 biennium.
- The section which authorized the department to transfer funds between the subdivisions and program line items included in the bill for the purpose of providing for computer purchases.
- The section which provided that any moneys budgeted for the operation of the prerelease center but not spent for that purpose may not be used for any other purpose except contracting for inmate housing.

This amendment also adds the following sections:

- Section 4, which directs the Legislative Council to consider studying issues relating to inmate wages and various deductions from those wages.
- Section 5, which directs the Legislative Council to consider studying the facility needs of the Department of Corrections and Rehabilitation.
- Section 6, which provides an appropriation of \$200,000 to the Legislative Council for a study.

- Section 7, which provides that if federal funding is reduced during the 2001-03 biennium, the department may not supplant the federal funds with general or special funds. The department must also identify any programs included in its 2003-05 biennium budget request for which general or special fund appropriation authority is requested to replace federal funds previously available for the program.
- Section 8, which directs the department to report to the Appropriations Committees of the Fifty-eighth Legislative Assembly on the effectiveness of the prerelease and DUI offender treatment programs.
- Section 9, which provides legislative intent that the department seek federal funding for the drug court program. If federal funds become available, the department must spend the federal funds in place of the special funds appropriated for the program; the special funds appropriation for the program must then be used in place of general fund moneys appropriated for other programs.
- Section 10, which amends North Dakota Century Code (NDCC) Section 12-59-02 to increase the compensation rate for Parole Board members from \$62.50 per day to \$75 per day.
- Section 12, which creates a new section to NDCC Chapter 54-23.3 to require the department to report to the Legislative Assembly or the Budget Section before establishing any new correctional program.
- Sections 11 and 13, which amend NDCC Sections 12.1-32-08 and 54-23.4-12 to provide that if crime victims compensation is awarded, the department has the right of subrogation to initiate a claim for relief to recover funds from a collateral source.
