21 **20.1-16-01. Interstate wildlife violator compact.** The interstate wildlife violator  
22 compact is entered with all states legally joining the compact, in the form substantially as  
23 follows:

24 **ARTICLE 1. FINDINGS, DECLARATION OF POLICY, AND PURPOSE**

- 25 1. The participating states find that the following provisions apply:  
26 a. Wildlife resources are managed in trust by the respective states for the benefit  
27 of all residents and visitors.  
28 b. The protection of the wildlife resources of a state is materially affected by the  
29 degree of compliance with state statutes, laws, ordinances, regulations, and  
30 administrative rules relating to the management of such resources.

- 1 c. The preservation, protection, management, and restoration of wildlife  
2 contributes immeasurably to the aesthetic, recreational, and economic  
3 aspects of such natural resources.
- 4 d. Wildlife resources are valuable without regard to political boundaries;  
5 therefore, every person should be required to comply with wildlife  
6 preservation, protection, management and restoration laws, ordinances,  
7 regulations, and administrative rules of the participating states as a condition  
8 precedent to the continuance or issuance of any license to hunt, fish, trap, or  
9 possess wildlife.
- 10 e. Violation of wildlife laws interferes with the management of wildlife resources  
11 and may endanger the safety of persons and property.
- 12 f. The mobility of many wildlife law violators necessitates the maintenance of  
13 channels of communication among the various states.
- 14 g. In most instances, a person who is cited for a wildlife violation in a state other  
15 than that person's own state:
- 16 (1) Is required to post collateral or a bond to secure appearance for a trial  
17 at a later date;
- 18 (2) Is taken into custody until the collateral or bond is posted; or  
19 (3) Is taken directly to court for an immediate appearance.
- 20 h. The purpose of the enforcement practices set forth in subdivision g is to  
21 ensure compliance with the terms of a wildlife citation by the cited person  
22 who, if permitted to proceed after receiving the citation, could return to the  
23 person's home state and disregard the person's duty under the terms of the  
24 citation.
- 25 i. In most instances, a person receiving a wildlife citation in that person's home  
26 state is permitted to accept the citation from the officer at the scene of the  
27 violation and immediately proceed after agreeing or being instructed to  
28 comply with the terms of the citation.
- 29 j. The practices described in subdivision g cause unnecessary inconvenience  
30 and, at times, a hardship for the person who is unable at the time to post

- 1 collateral, furnish a bond, stand trial, or pay a fine and is thus compelled to  
2 remain in custody until some alternative arrangement is made.
- 3 k. The enforcement practices described in subdivision g consume an undue  
4 amount of law enforcement time.
- 5 2. It is the policy of the participating states to:
- 6 a. Promote compliance with the statutes, laws, ordinances, regulations, and  
7 administrative rules relating to management of wildlife resources in their  
8 respective states;
- 9 b. Recognize the suspension of wildlife license privileges of any person whose  
10 license privileges have been suspended by a participating state and may treat  
11 such suspension as if it had occurred in their state;
- 12 c. Allow a violator, except as provided in subsection 2 of article 3, to accept a  
13 wildlife citation and proceed without delay, whether or not a resident of the  
14 state in which the citation was issued, provided that the violator's home state  
15 is party to this compact;
- 16 d. Report to the appropriate participating state, as provided in the compact  
17 manual, any conviction recorded against any person whose home state was  
18 not the issuing state;
- 19 e. Allow the home state to recognize and treat convictions recorded against its  
20 residents, which convictions occurred in a participating state, as though they  
21 occurred in the home state;
- 22 f. Extend cooperation to its fullest extent among the participating states for  
23 enforcing compliance with the terms of a wildlife citation issued in one  
24 participating state to a resident of another participating state;
- 25 g. Maximize effective use of law enforcement personnel and information; and  
26 h. Assist court systems in the efficient disposition of wildlife violations.
- 27 3. The purpose of this compact is to:
- 28 a. Provide a means through which participating states may join in a reciprocal  
29 program to effectuate the policies enumerated in subsection 2 in a uniform  
30 and orderly manner; and

- 1                   b.    Provide for the fair and impartial treatment of wildlife violators operating within  
2                                   participating states in recognition of the violator's right to due process and the  
3                                   sovereign status of a participating state.

23          similar form by two or more states.
- 24          2. a. Entry into the compact must be made by resolution of ratification executed by  
25             the authorized officials of the applying state and submitted to the presiding  
26             officer of the board.
- 27            b. The resolution must substantially be in the form and content as provided in  
28             the compact manual and must include the following:  
29             (1) A citation of the authority from which the state is empowered to become  
30                a party to this compact;

- 1                   (2) An agreement of compliance with the terms and provisions of this  
2                   compact; and
- 3                   (3) An agreement that compact entry is with all states participating in the  
4                   compact and with all additional states legally becoming a party to the  
5                   compact.
- 6                   c. The effective date of entry must be specified by the applying state but may not  
7                   be less than sixty days after notice has been given:
- 8                   (1) By the presiding officer of the board of the compact administrators; or  
9                   (2) By the secretariat of the board to each participating state that the  
10                  resolution from the applying state has been received.
- 11                 3. A participating state may withdraw from participation in this compact by official  
12                  written notice to each participating state, but withdrawal does not become effective  
13                  until ninety days after the notice of withdrawal is given. The notice must be  
14                  directed to the compact administrator of each member state. Withdrawal of any  
15                  state does not affect the validity of this compact as to the remaining participating  
16                  states.

- 18                 1. This compact may be amended from time to time. Amendments must be

20                  administrators and must be initiated by one or more participating states.
- 21                 2. Adoption of an amendment requires endorsement by all participating states and  
22                  becomes effective thirty days after the date of the last endorsement.
- 23                 3. Failure of a participating state to respond to the compact presiding officer within  
24                  one hundred twenty days after receipt of a proposed amendment constitutes  
25                  endorsement thereof.

#### 26                   ARTICLE 10. CONSTRUCTION AND SEVERABILITY

27                 This compact must be liberally construed so as to effectuate the purposes stated herein.

30                 United States, or the applicability thereof to any government, agency, individual, or  
31                 circumstance is held invalid, the validity of the remainder of the compact is not affected thereby.

1 If this compact is held contrary to the constitution of any participating state, the compact  
2 remains in full force and effect as to the remaining states and in full force and effect as to the  
3 participating state affected as to all severable matters.
