2. **Narrative:** *Identify the aspects of the measure which cause fiscal impact and include any comments relevant to your analysis.*

HB 1298 provides a partial farm residence exemption to persons whose farm income is between 25 and 50 percent of annual income, if they meet the other qualifications. The percentage of exemption would be equal to the percentage of their annual net income from farming activities. It is not possible to estimate how many persons would qualify, nor how many presently taxable residences would qualify for exemption or partial exemption.

This bill would reduce tax revenue to the state medical center by an indeterminable amount. It would not affect tax revenue for any political subdivision that levies under NDCC Section 57-15-01.1, but it would shift the tax burden from newly exempted or partially exempted farm residences to other taxpayers.

3. **State fiscal effect detail:** *For information shown under state fiscal effect in 1A, please:*

A. **Revenues:** *Explain the revenue amounts. Provide detail, when appropriate, for each revenue type and fund affected and any amounts included in the executive budget.*

B. **Expenditures:** *Explain the expenditure amounts. Provide detail, when appropriate, for each agency, line item, and fund affected and the number of FTE positions affected.*

C. **Appropriations:** *Explain the appropriation amounts. Provide detail, when appropriate, of the effect on the biennial appropriation for each agency and fund affected and any amounts included in the executive budget. Indicate the relationship between the amounts shown for expenditures and appropriations.*
