This bill would create and enact a new section to chapter 50-24.1 of the NDCC relating to dental medical assistance reimbursement. It would require that dental services be reimbursed at the 75th percentile of billed covered services, which would be determined as of September 30th of each even-numbered year. Because the first base year would be September 30, 2006, there would be only 10 months of reimbursement in the 2005-2007 biennium.

The fiscal impact would be on the department's regular appropriation in medical assistance grants.

For 2007-2009, total expenditures in medical assistance grants would increase to \$4,989,786 funded by general funds of \$1,834,744 and \$3,155,042 of federal title XIX funds.
