2. **Narrative:** *Identify the aspects of the measure which cause fiscal impact and include any comments relevant to your analysis.*

This bill allows for a child support obligor to avoid income withholding by entering into an arrangement with CSE to pay child support on their own instead of through an income withholding order. The bill also provides that income withholding is automatically re-activated if the obligor misses a child support payment. The bill is anticipated to result in an undeterminable operational savings at the State Disbursement Unit due to an anticipated increase in the volume of electronic payments received and a corresponding decrease in the receipt of payments made by check.

The fiscal impact of this bill is estimated to be less than \$5,000.

3. **State fiscal effect detail:** *For information shown under state fiscal effect in 1A, please:*
