2 57-64-04 of the North Dakota Century Code, relating to allocation of state funding to school
3 districts for mill levy reduction grants and property tax levies of school districts; to repeal
4 chapter 57-16 of the North Dakota Century Code, relating to certain excess levies of school
5 districts; to provide an appropriation; to provide for transfers; and to provide an effective date.

6 **BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

7 **SECTION 1. AMENDMENT.** Section 57-15-01.1 of the North Dakota Century Code is
8 amended and reenacted as follows:

9 **57-15-01.1. Protection of taxpayers and taxing districts.**

10 Each taxing district may levy the lesser of the amount in dollars as certified in the budget of
11 the governing body, or the amount in dollars as allowed in this section, subject to the following:

- 12 1. No taxing district may levy more taxes expressed in dollars than the amounts allowed
13 by this section.
- 14 2. For purposes of this section:
 - 15 a. "Base year" means the taxing district's taxable year with the highest amount
16 levied in dollars in property taxes of the three taxable years immediately
17 preceding the budget year. For a park district general fund, the "amount levied in
18 dollars in property taxes" is the sum of amounts levied in dollars in property taxes
19 for the general fund under section 57-15-12 including any additional levy
20 approved by the electors, the insurance reserve fund under section 32-12.1-08,
21 the employee health care program under section 40-49-12, the public recreation
22 system under section 40-55-09 including any additional levy approved by the
23 electors, forestry purposes under section 57-15-12.1 except any additional levy

- 1 approved by the electors, pest control under section 4-33-11, and handicapped
2 person programs and activities under section 57-15-60;
- 3 b. "Budget year" means the taxing district's year for which the levy is being
4 determined under this section;
- 5 c. "Calculated mill rate" means the mill rate that results from dividing the base year
6 taxes levied by the sum of the taxable value of the taxable property in the base
7 year plus the taxable value of the property exempt by local discretion or
8 charitable status, calculated in the same manner as the taxable property; and
- 9 d. "Property exempt by local discretion or charitable status" means property
10 exempted from taxation as new or expanding businesses under chapter 40-57.1;
11 improvements to property under chapter 57-02.2; or buildings belonging to
12 institutions of public charity, new single-family residential or townhouse or
13 condominium property, property used for early childhood services, or pollution
14 abatement improvements under section 57-02-08.
- 15 3. A taxing district may elect to levy the amount levied in dollars in the base year. Any
16 levy under this section must be specifically approved by a resolution approved by the
17 governing body of the taxing district. Before determining the levy limitation under this
18 section, the dollar amount levied in the base year must be:
- 19 a. Reduced by an amount equal to the sum determined by application of the base
20 year's calculated mill rate for that taxing district to the final base year taxable
21 valuation of any taxable property and property exempt by local discretion or
22 charitable status which is not included in the taxing district for the budget year but
23 was included in the taxing district for the base year.
- 24 b. Increased by an amount equal to the sum determined by the application of the
25 base year's calculated mill rate for that taxing district to the final budget year
26 taxable valuation of any taxable property or property exempt by local discretion or
27 charitable status which was not included in the taxing district for the base year
28 but which is included in the taxing district for the budget year.
- 29 c. Reduced to reflect expired temporary mill levy increases authorized by the
30 electors of the taxing district. For purposes of this subdivision, an expired
31 temporary mill levy increase does not include a school district general fund mill

1 rate exceeding one hundred ten mills which has expired or has not received
2 approval of electors for an extension under subsection 2 of section 57-64-03.

3 d. Increased, for a school district determining its levy limitation under this section,
4 by the amount the school district's mill levy reduction grant under section
5 57-64-02 for the base year exceeds the amount of the school district's mill levy
6 reduction grant under section 57-64-02 for the budget year.

7 e. Reduced for a school district determining its levy limitation under this section, by
8 the amount the school district's mill levy reduction grant under section 57-64-02
9 for the budget year exceeds the amount of the school district's mill levy reduction
10 grant under section 57-64-02 for the base year.

11 4. In addition to any other levy limitation factor under this section, a taxing district may
12 increase its levy in dollars to reflect new or increased mill levies authorized by the
13 legislative assembly or authorized by the electors of the taxing district.

14 5. Under this section a taxing district may supersede any applicable mill levy limitations
15 otherwise provided by law, or a taxing district may levy up to the mill levy limitations
16 otherwise provided by law without reference to this section, but the provisions of this
17 section do not apply to the following:

18 a. Any irrevocable tax to pay bonded indebtedness levied pursuant to section 16 of
19 article X of the Constitution of North Dakota.

20 b. The one-mill levy for the state medical center authorized by section 10 of article X
21 of the Constitution of North Dakota.

22 6. A school district choosing to determine its levy authority under this section may apply
23 subsection 3 only to the amount in dollars levied for general fund purposes under
24 section 57-15-14 or, if the levy in the base year included separate general fund and
25 special fund levies under sections 57-15-14 and 57-15-14.2, the school district may
26 apply subsection 3 to the total amount levied in dollars in the base year for both the
27 general fund and special fund accounts. School district levies under any section other
28 than section 57-15-14 may be made within applicable limitations but those levies are
29 not subject to subsection 3.

- 1 7. Optional levies under this section may be used by any city or county that has adopted
2 a home rule charter unless the provisions of the charter supersede state laws related
3 to property tax levy limitations.

27 mill rate is reduced to zero, the balance must be applied to reduce the high school tuition levy
