

Sixty-third  
Legislative Assembly  
of North Dakota

## REENGROSSED HOUSE BILL NO. 1358

Introduced by

Representatives Skarphol, Brandenburg, Froseth, Rust, Steiner, Glassheim, J. Kelsh

Senators Andrist, Wanzek, Wardner, Murphy, Triplett

1 A BILL for an Act to create and enact ~~a new section to chapter 23-01 and~~ two new subsections  
2 to section 57-51-01 of the North Dakota Century Code, relating to definitions under the oil and  
3 gas gross production tax; to amend and reenact paragraph 1 of subdivision f of subsection 1 of  
4 section 15.1-27-04.1 of the North Dakota Century Code, as created by House Bill No. 1319, as  
5 approved by the sixty-third legislative assembly, and sections 57-51-15 and 57-62-05 of the  
6 North Dakota Century Code, relating to oil and gas gross production tax allocation and the  
7 impact aid program; ~~to provide a continuing appropriation;~~ to provide appropriations; ~~to provide~~  
8 ~~a statement of legislative intent;~~ to provide a transfer; and to provide an effective date; ~~and to~~  
9 ~~declare an emergency.~~

10 **BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

11 ~~— SECTION 1. A new section to chapter 23-01 of the North Dakota Century Code is created~~  
12 ~~and enacted as follows:~~  
13 ~~— Emergency medical service and fire protection district funding committee – Funding~~  
14 ~~assistance requests and approval.~~  
15 ~~— The emergency medical service and fire protection district funding committee consists of~~  
16 ~~the chairman of the legislative management, or the chairman's designee; two members of the~~  
17 ~~legislative assembly, appointed by the chairman of the legislative management; the chairmen of~~  
18 ~~the house of representatives and senate appropriations committees, or their designees; the~~  
19 ~~minority leaders of the house of representatives and senate, or their designees; four nonvoting~~  
20 ~~members, two of whom are a member of the governing body of a city or county in an~~  
21 ~~oil-producing county, appointed by the president of the North Dakota emergency medical~~  
22 ~~services association and two of whom are a member of the governing body of a city or county in~~  
23 ~~an oil-producing county, appointed by the president of the North Dakota firefighters' association;~~  
24 ~~and one nonvoting member who is a member of the advisory board appointed by the board of~~

~~1 university and school lands to advise on oil and gas impact grant award applications, who shall  
2 be appointed by the board of university and school lands. The chairman of the legislative  
3 management shall designate the chairman from among the voting members of the committee.  
4 The state department of health shall provide administrative services for the committee. The  
5 emergency medical services advisory council established under section 23-46-02 shall provide  
6 advisory assistance to the emergency medical service and fire protection district funding  
7 committee as requested.~~

~~8 — Applications for funding assistance from the oil-producing counties emergency medical  
9 service and fire protection district grant fund or funds provided by legislative appropriation may  
10 be submitted to the committee by the governing body of a city or county on behalf of emergency  
11 medical service providers or fire protection districts providing service in one or more  
12 oil-producing counties that received five million dollars or more of allocations under  
13 subsection 2 of section 57-51-15 in the most recently completed state fiscal year. Funding  
14 under this section may be provided only for that portion of the service area of emergency  
15 medical service providers or fire protection districts within one or more oil-producing counties  
16 that received five million dollars or more of allocations under subsection 2 of section 57-51-15 in  
17 the most recently completed state fiscal year. The committee shall notify the state treasurer of  
18 awarded grants from available funds and the state treasurer shall transfer the grant awards to  
19 the recipients.~~

~~20 — In consideration of circumstances in which a grant award application indicates a need for a  
21 staffing increase or other funding need that appears to create an ongoing need for funding  
22 assistance, the committee may make a commitment of future grant funding as determined  
23 appropriate. The committee shall develop policies of best practices for efficient and effective  
24 use of grant award funds for full-time, part-time, and volunteer staffing of emergency medical  
25 service and fire protection district service providers.~~

**SECTION 1. AMENDMENT.** Paragraph 1 of subdivision f of subsection 1 of section 15.1-27-04.1 of the North Dakota Century Code, as created by House Bill No. 1319, as approved by the sixty-third legislative assembly, is amended and reenacted as follows:

- (1) Seventy-five percent of all revenue received by the school district and reported under code 2000 of the North Dakota school district financial accounting and reporting manual, as developed by the superintendent of

1 public instruction in accordance with section 15.1-02-08 and mineral  
2 revenue received by the school district by direct allocation from the state  
3 treasurer and not reported under code 2000 of the North Dakota school  
4 district financial accounting and reporting manual;

5 **SECTION 2.** Two new subsections to section 57-51-01 of the North Dakota Century Code  
6 are created and enacted as follows:

7 "Hub city" means a city with a population of twelve thousand five hundred or more,  
8 according to the last official decennial federal census, which has more than one  
9 percent of its private covered employment engaged in the mining industry, according  
10 to data compiled by job service North Dakota.

11 "Hub city school district" means the school district with the highest student enrollment  
12 within the city limits of a hub city.

13 **SECTION 3. AMENDMENT.** Section 57-51-15 of the North Dakota Century Code is  
14 amended and reenacted as follows:

15 **57-51-15. Gross production tax allocation.**

16 The gross production tax must be allocated monthly as follows:

- 17 1. First the tax revenue collected under this chapter equal to one percent of the gross  
18 value at the well of the oil and one-fifth of the tax on gas must be deposited with the  
19 state treasurer who shall:
  - 20 a. Allocate to each hub city a monthly amount that will provide a total allocation of  
21 five~~sevent~~three hundred ~~fiftyseventy-five~~ thousand dollars per fiscal year to each-  
22 city in an oil-producing county which has a population of seven thousand five-  
23 hundred or more and more than two percent of its private covered employment  
24 engaged in the mining industry, according to data compiled by job service North-  
25 Dakota. The allocation under this subdivision must be doubled if the city has  
26 more than seven and one-half percent for each full or partial percentage point of  
27 its private covered employment engaged in the mining industry, according to data  
28 compiled by job service North Dakota;
  - 29 b. Allocate to each hub city school district a monthly amount that will provide a total  
30 allocation of ~~two~~one hundred ~~fiftytwenty-five~~ thousand dollars per fiscal year for  
31 each full or partial percentage point of the hub city's private covered employment

1 engaged in the mining industry, according to data compiled by job service North  
2 Dakota;

3 ~~c. From each allocation to a hub city school district under subdivision b, the state~~  
4 ~~treasurer retain seventy-five percent of the allocation and deposit that amount in~~  
5 ~~a special account established for that school district. Up to fifty percent of the~~  
6 ~~funds deposited in the special account under this subdivision may be released by~~  
7 ~~the state treasurer to the school district to provide equal matching funds for funds~~  
8 ~~provided by the school district for a school construction project. Any funds in the~~  
9 ~~special account that are not committed or expended for school construction~~  
10 ~~projects may be released to the school district by the state treasurer upon~~  
11 ~~application by the school district and approval by the hub city school impact~~  
12 ~~committee for an extraordinary expenditure that would mitigate negative effects of~~  
13 ~~oil development impact affecting that school district. Any unexpended and~~  
14 ~~unobligated funds remaining in the hub city school district's special account at the~~  
15 ~~end of the biennium may be carried over to the ensuing biennium but any funds~~  
16 ~~that would be allocated to that special account under this subdivision during the~~  
17 ~~ensuing biennium, up to the amount carried over, must be withheld and allocated~~  
18 ~~instead under subsection 3.~~

19 ~~— The hub city school impact committee consists of the chairman of the~~  
20 ~~legislative management, or the chairman's designee; two members of the~~  
21 ~~legislative assembly, appointed by the chairman of the legislative management;~~  
22 ~~the chairmen of the house of representatives and senate appropriations~~  
23 ~~committees, or their designees; the minority leaders of the house of~~  
24 ~~representatives and senate, or their designees; two nonvoting members, each of~~  
25 ~~whom is either a school superintendent or school district business manager of a~~  
26 ~~school district in an oil-producing county, appointed by the superintendent of~~  
27 ~~public instruction; and two nonvoting members who are members of the advisory~~  
28 ~~board appointed by the board of university and school lands to advise on oil and~~  
29 ~~gas impact grant award applications, who shall be appointed by the board of~~  
30 ~~university and school lands. The chairman of the legislative management shall~~  
31 ~~designate the chairman from among the voting members of the committee. The~~

1 ~~energy infrastructure and impact office shall provide administrative services for-~~  
2 ~~the hub city school impact committee;~~

3 ~~d. For each fiscal year beginning after June 30, 2014, adjust the fiscal year dollar~~  
4 ~~amounts in subdivisions a and b as determined for the previous fiscal year by~~  
5 ~~one-third of the percentage change in total tax collections under this chapter~~  
6 ~~during that previous fiscal year;~~

7 ~~e.c.~~ Credit revenues to the oil and gas impact grant fund, but not in an amount  
8 exceeding ~~one~~two hundred fifty million dollars per biennium; ~~and~~

9 ~~f. Allocate one million seven hundred fifty thousand dollars in each fiscal year to be~~  
10 ~~added by the county treasurer to the allocations to school districts under~~  
11 ~~subdivision c of subsection 4 for each county that has received five million dollars~~  
12 ~~or more of allocations under subsection 2 during the preceding state fiscal year;~~  
13 ~~and~~

14 ~~e.g.d.~~ Allocate the remaining revenues under subsection 3. ~~If there are no remaining~~  
15 ~~revenues and revenues under this subsection are insufficient to make the~~  
16 ~~allocations and transfers under subdivisions a through f, the state treasurer shall~~  
17 ~~transfer from the strategic investment and improvements fund an amount~~  
18 ~~necessary to fully fund the allocations and transfers under subdivisions a~~  
19 ~~through f.~~

20 2. After deduction of the amount provided in subsection 1, annual revenue collected  
21 under this chapter from oil and gas produced in each county must be allocated as  
22 follows:

23 a. The first ~~two~~five million dollars is allocated to the county.

24 b. Of ~~the next one~~four all annual revenue exceeding five million dollars,  
25 ~~seventy-five~~twenty-five percent is allocated to the county.

26 ~~c. Of the next one~~three million dollars, fifty percent is allocated to the county.

27 ~~d. Of the next fourteen million dollars~~all remaining annual revenue, twenty-five  
28 ~~percent is allocated to the county.~~

29 e. Of all annual revenue exceeding eighteen million dollars, ten percent is allocated  
30 to the county.

- 1           3. After the allocations under subsections 1 and 2, the amount remaining is allocated first  
2           to provide for deposit of thirty percent of all revenue collected under this chapter in the  
3           legacy fund as provided in section 26 of article X of the Constitution of North Dakota  
4           and the remainder must be allocated to the state general fund. If the amount available  
5           for a monthly allocation under this subsection is insufficient to deposit thirty percent of  
6           all revenue collected under this chapter in the legacy fund, the state treasurer shall  
7           transfer the amount of the shortfall from the state general fund share of oil extraction  
8           tax collections and deposit that amount in the legacy fund.
- 9           4. ~~The amount to which each county is entitled under subsection 2 must be allocated~~  
10          ~~within the county so the first five million three hundred fifty thousand dollars is~~  
11          ~~allocated under subsection 5 for each fiscal year and any amount received by a county~~  
12          ~~exceeding five million three hundred fifty thousand dollars is credited by the county~~  
13          ~~treasurer to the county infrastructure fund and allocated under subsection 6.~~
- 14          5. For a county that received five million dollars or more of allocations under subsection 2  
15          in the most recently completed state fiscal year, revenues allocated to that county  
16          under subsections 1 and 2 must be ~~credited~~distributed by the ~~county~~state treasurer as  
17          follows:
- 18          a. ~~Forty five~~SixtySixty-five percent of all revenues allocated to any county for  
19          allocation under this subsection must be credited by the county treasurer to the  
20          county general fund. However, the allocation to a county under this subdivision  
21          must be credited to the state general fund if during that fiscal year in a taxable  
22          year after 2012 the county does not levy is not levying a total of at least ten mills  
23          for combined levies for county road and bridge, farm-to-market and federal aid  
24          road, and county road purposes.
- 25          b. ~~Thirty five percent of all revenues allocated to any county for allocation under this~~  
26          ~~subsection must be apportioned by the county treasurer no less than quarterly to~~  
27          ~~school districts within the county on the average daily attendance distribution~~  
28          ~~basis, as certified to the county treasurer by the county superintendent of~~  
29          ~~schools. However, no school district may receive in any single academic year an~~  
30          ~~amount under this subsection greater than the county average per student cost~~  
31          ~~multiplied by seventy percent, then multiplied by the number of students in~~

1 average daily attendance or the number of children of school age in the school  
2 census for the county, whichever is greater. Provided, however, that in any county  
3 in which the average daily attendance or the school census, whichever is greater,  
4 is fewer than four hundred, the county is entitled to one hundred twenty percent  
5 of the county average per student cost multiplied by the number of students in  
6 average daily attendance or the number of children of school age in the school  
7 census for the county, whichever is greater. Once this level has been reached  
8 through distributions under this subsection, all excess funds to which the school  
9 district would be entitled as part of its thirty-five percent share must be deposited  
10 instead in the county general fund. The county superintendent of schools of each  
11 oil-producing county shall certify to the county treasurer by July first of each year  
12 the amount to which each school district is limited pursuant to this subsection. As  
13 used in this subsection, "average daily attendance" means the average daily  
14 attendance for the school year immediately preceding the certification by the  
15 county superintendent of schools required by this subsection.

16 The countywide allocation to school districts under this subdivision is subject  
17 to the following:

- 18 (1) The first three hundred fifty thousand dollars is apportioned entirely among  
19 school districts in the county.
- 20 (2) The next three hundred fifty thousand dollars is apportioned seventy-five  
21 percent among school districts in the county and twenty-five percent to the  
22 county infrastructure fund.
- 23 (3) The next two hundred sixty-two thousand five hundred dollars is  
24 apportioned two-thirds among school districts in the county and one-third to  
25 the county infrastructure fund.
- 26 (4) The next one hundred seventy-five thousand dollars is apportioned fifty  
27 percent among school districts in the county and fifty percent to the county  
28 infrastructure fund.
- 29 (5) Any remaining amount is apportioned to the county infrastructure fund  
30 except from that remaining amount the following amounts are apportioned  
31 among school districts in the county:

- 1 (a) Four hundred ninety thousand dollars, for counties having a  
2 population of three thousand or fewer.
- 3 (b) Five hundred sixty thousand dollars, for counties having a population  
4 of more than three thousand and fewer than six thousand.
- 5 (c) Seven hundred thirty-five thousand dollars, for counties having a  
6 population of six thousand or more.
- 7 e. ~~TwentyFifteen~~ percent of all revenues allocated to any county for allocation under  
8 this subsection must be apportioned no less than quarterly by the state treasurer  
9 to the incorporated cities of the county. A hub city must be omitted from  
10 apportionment under this subdivision. Apportionment among cities under this  
11 subsection must be based upon the population of each incorporated city  
12 according to the last official decennial federal census. In determining the  
13 population of any city in which total employment increases by more than two  
14 hundred percent seasonally due to tourism, the population of that city for  
15 purposes of this subdivision must be increased by eight hundred percent. If a city  
16 receives a direct allocation under subsection 1, the allocation to that city under  
17 this subsection is limited to sixty percent of the amount otherwise determined for  
18 that city under this subsection and the amount exceeding this limitation must be  
19 reallocated among the other cities in the county.
- 20 c. ~~FiveTwo and one-half~~ percent plus any amount allocated to school districts of the  
21 county under subdivision f of subsection 1 must be apportioned no less than  
22 quarterly by the ~~countystate~~ treasurer to the school districts of the county on the  
23 average daily attendance distribution basis for kindergarten through grade twelve  
24 students residing within the county, as certified to the ~~countystate~~ treasurer by the  
25 county superintendent of schools. However, a hub city school district must be  
26 omitted from apportionment under this subdivision.
- 27 d. Seven and one-half percent to the county treasurer for subsequent allocation to  
28 the organized and unorganized townships of the county in the proportion that  
29 township road miles in the township bears to the total township road miles in the  
30 county, with the board of county commissioners retaining and using the funds  
31 available for the maintenance and improvement of roads in unorganized

1            townships. An organized township is not eligible for an allocation, and must be  
2            excluded from the calculation of township road miles, if that township has one-  
3            hundred thousand dollars or more in uncommitted reserve funds on hand or if  
4            that township in a taxable year after 2012 is not levying at least ten mills for  
5            township purposes.

6            ~~e. Two and one-half percent must be allocated by the board of county~~  
7            ~~commissioners to or for the benefit of the county sheriff's department to offset oil~~  
8            ~~and gas development impact causing a need for increased sheriff's department~~  
9            ~~services staff, funding, equipment, coverage, and personnel training.~~

10           ~~f. Two and one-half percent must be deposited by the state treasurer in the~~  
11           ~~oil-producing counties emergency medical service and fire protection district~~  
12           ~~grant fund and available for grants by the emergency medical service and fire~~  
13           ~~protection district funding committee for an extraordinary expenditure that would~~  
14           ~~mitigate negative effects of oil development impact affecting emergency medical~~  
15           ~~services providers providing service in oil-producing counties.~~

16           ~~g. Two and one-half percent must be deposited by the state treasurer in the~~  
17           ~~oil-producing counties emergency medical service and fire protection district~~  
18           ~~grant fund and available for grants by the emergency medical service and fire~~  
19           ~~protection district funding committee for an extraordinary expenditure that would~~  
20           ~~mitigate negative effects of oil development impact affecting fire protection~~  
21           ~~districts providing service in oil-producing counties.~~

22           ~~h. Funds deposited in the oil-producing counties emergency medical service and~~  
23           ~~fire protection district grant fund shall be paid out by the state treasurer upon~~  
24           ~~approval by the emergency medical service and fire protection district funding~~  
25           ~~committee for an extraordinary expenditure that would mitigate negative effects of~~  
26           ~~oil development impact affecting emergency medical services providers or fire~~  
27           ~~protection districts providing service in counties that received five million dollars~~  
28           ~~or more of allocations under subsection 2 in the most recently completed state~~  
29           ~~fiscal year.~~

30           e. Ten percent must be deposited in the oil-producing counties infrastructure  
31           enhancement fund in the state treasury.

- 1       5. For a county that did not reach a level of five million dollars of allocations under  
2       subsection 2 in the most recently completed state fiscal year, revenues allocated to  
3       that county must be crediteddistributed by the countystate treasurer as follows:
- 4       a. Forty-five percent must be credited by the county treasurer to the county general  
5       fund. However, the allocation to a county under this subdivision must be credited  
6       to the state general fund if in a taxable year after 2012 the county is not levying a  
7       total of at least ten mills for combined levies for county road and bridge,  
8       farm-to-market and federal aid road, and county road purposes.
- 9       b. Thirty-five percent must be apportioned by the countystate treasurer no less than  
10       quarterly to school districts within the county on the average daily attendance  
11       distribution basis for kindergarten through grade twelve students residing within  
12       the county, as certified to the countystate treasurer by the county superintendent  
13       of schools. However, a hub city school district must be omitted from  
14       apportionment under this subdivision. The total annual apportionment toamong  
15       school districts in the county under this subsection is limited to one million five  
16       hundred thousand dollars.
- 17       c. Twenty percent must be apportioned no less than quarterly by the state treasurer  
18       to the incorporated cities of the county. A hub city must be omitted from  
19       apportionment under this subdivision. Apportionment among cities under this  
20       subsection must be based upon the population of each incorporated city  
21       according to the last official decennial federal census. In determining the  
22       population of any city in which total employment increases by more than two  
23       hundred percent seasonally due to tourism, the population of that city for  
24       purposes of this subdivision must be increased by eight hundred percent.
- 25       6. a. ~~Forty-five percent of all revenues allocated to a county infrastructure fund under~~  
26       ~~subsections 4 and 5 must be credited by the county treasurer to the county~~  
27       ~~general fund. However, the allocation to a county under this subdivision must be~~  
28       ~~credited to the state general fund if during that fiscal year the county does not~~  
29       ~~levy a total of at least ten mills for combined levies for county road and bridge,~~  
30       ~~farm to market and federal aid road, and county road purposes.~~

1           b. ~~Thirty-five percent of all revenues allocated to the county infrastructure fund~~  
2           ~~under subsections 4 and 5 must be allocated by the board of county~~  
3           ~~commissioners to or for the benefit of townships in the county on the basis of~~  
4           ~~applications by townships for funding to offset oil and gas development impact to~~  
5           ~~township roads or other infrastructure needs or applications by school districts for~~  
6           ~~repair or replacement of school district vehicles necessitated by damage or~~  
7           ~~deterioration attributable to travel on oil and gas development impacted roads. An~~  
8           ~~organized township is not eligible for an allocation of funds under this subdivision~~  
9           ~~unless during that fiscal year that township levies at least ten mills for township~~  
10           ~~purposes. For unorganized townships within the county, the board of county~~  
11           ~~commissioners may expend an appropriate portion of revenues under this~~  
12           ~~subdivision to offset oil and gas development impact to township roads or other~~  
13           ~~infrastructure needs in those townships. The amount deposited during each~~  
14           ~~calendar year in the county infrastructure fund which is designated for allocation~~  
15           ~~under this subdivision and which is unexpended and unobligated at the end of~~  
16           ~~the calendar year must be transferred by the county treasurer to the county road~~  
17           ~~and bridge fund for use on county road and bridge projects.~~

18           e. ~~Twenty percent of all revenues allocated to any county infrastructure fund under~~  
19           ~~subsections 4 and 5 must be allocated by the county treasurer no less than~~  
20           ~~quarterly to the incorporated cities of the county. Apportionment among cities~~  
21           ~~under this subsection must be based upon the population of each incorporated~~  
22           ~~city according to the last official decennial federal census. If a city receives a~~  
23           ~~direct allocation under subsection 1, the allocation to that city under this~~  
24           ~~subsection is limited to sixty percent of the amount otherwise determined for that~~  
25           ~~city under this subsection and the amount exceeding this limitation must be~~  
26           ~~reallocated among the other cities in the county.~~

27       7.6. Within thirty days after the end of each calendar year, the board of county  
28       commissioners of each county that has received an allocation under this section shall  
29       file a report for the calendar year with the commissioner, in a format prescribed by the  
30       commissioner, including:

31       a. The county's statement of revenues and expenditures; and

1           b. The amount available in the county infrastructure fund for allocation allocated to  
2           or for the benefit of townships or school districts, the amount allocated to each  
3           organized township or school district and the amount expended from each such  
4           allocation by that township or school district, the amount expended by the board  
5           of county commissioners on behalf of each unorganized township for which an  
6           expenditure was made, and the amount available for allocation to or for the  
7           benefit of townships or school districts which remained unexpended at the end of  
8           the fiscal year.

9           Within fifteen days after the time when reports under this subsection were due, the  
10          commissioner shall provide the reports to the legislative council compiling the  
11          information from reports received under this subsection.

12          **SECTION 4. AMENDMENT.** Section 57-62-05 of the North Dakota Century Code is  
13          amended and reenacted as follows:

14          **57-62-05. Powers and duties of energy infrastructure and impact office director.**

15          The energy infrastructure and impact office director shall:

- 16          1. Develop a plan for the assistance, through financial grants for services and facilities, of  
17           counties, cities, school districts, and other political subdivisions in coal development  
18           and oil and gas development impact areas.
- 19          2. Establish procedures and provide proper forms to political subdivisions for use in  
20           making application for funds for impact assistance as provided in this chapter.
- 21          3. Make grants disbursements to counties, cities, school districts, and other taxing  
22           districts for grants awarded by the board of university and school lands pursuant to  
23           chapter 15-01, as provided in this chapter and within the appropriations made for such  
24           purposes. In determining the amount of impact grants for which political subdivisions  
25           are eligible, the consideration must be given to the amount of revenue to which such  
26           political subdivisions will be entitled from taxes upon the real property of coal and oil  
27           and gas development plants and from other tax or fund distribution formulas provided  
28           by law must be considered.
- 29          4. Receive and review applications for impact assistance pursuant to this chapter.
- 30          5. Make recommendations, not less than once each calendar quarter, to the board of  
31           university and school lands on grants to counties, cities, school districts, and other

1 political subdivisions in oil and gas development impact areas based on identified  
2 needs, and other sources of revenue available to the political subdivision.

3 6. ~~Make recommendations to the board of university and school lands providing for the~~  
4 ~~distribution of thirty-five percent of moneys available in the oil and gas impact fund to~~  
5 ~~incorporated cities with a population of ten thousand or more, based on the most~~  
6 ~~recent official decennial federal census, that are impacted by oil and gas development.~~  
7 ~~The director may not recommend that an incorporated city receive more than sixty~~  
8 ~~percent of the funds available under this subsection.~~

9 7. ~~Make recommendations to the board of university and school lands providing for the~~  
10 ~~distribution of sixty-five percent of moneys available in the oil and gas impact fund to~~  
11 ~~cities not otherwise eligible for funding under this section, counties, school districts,~~  
12 ~~and other political subdivisions impacted by oil and gas development.~~

13 **SECTION 5. APPROPRIATION - JOB SERVICE NORTH DAKOTA.** There is appropriated  
14 out of any moneys in the general fund in the state treasury, not otherwise appropriated, the sum  
15 of ~~\$150,000~~\$120,000, or so much of the sum as may be necessary, to job service North Dakota  
16 for the purpose of upgrading collection and use of employment data to correctly identify all  
17 employees who should be included for statistical purposes in oil and gas-related employment,  
18 including employees of refineries and gas plants and oil and gas transportation services, for the  
19 biennium beginning July 1, 2013, and ending June 30, 2015.

20 **SECTION 6. APPROPRIATION - ~~STATE TREASURER - STRATEGIC INVESTMENT AND~~**  
21 **~~IMPROVEMENTS~~DEPARTMENT OF TRANSPORTATION - OIL-PRODUCING COUNTIES**  
22 **INFRASTRUCTURE ENHANCEMENT FUND.** There is appropriated out of any moneys in the  
23 ~~strategic investment and improvements~~oil-producing counties infrastructure enhancement fund  
24 in the state treasury, not otherwise appropriated, the sum of ~~\$190,000,000~~\$60,000,000, or so  
25 much of the sum as may be necessary, to the ~~state treasurer~~department of transportation for  
26 the purpose of allocation as provided in this section among oil-producing counties that received  
27 \$5,000,000 or more of allocations under subsection 2 of section 57-51-15 in the state fiscal year  
28 ending June 30, 2012, for the ~~period~~biennium beginning ~~May~~July 1, 2013, and ending June 30,  
29 2015. ~~The amounts available for allocation under this section must be allocated on May 1,~~  
30 ~~2013, and May 1, 2014, in the amount of \$95,000,000 each year, among the counties that~~  
31 ~~received five million dollars or more of allocations under subsection 2 of section 57-51-15 in the~~

1 ~~most recently completed state fiscal year. Projects to be funded under this section must comply~~  
2 ~~with American association of state highway and transportation officials pavement design~~  
3 ~~procedures and department of transportation local government requirements. The allocation~~  
4 ~~shares of the counties that qualify for a share of funds available under this section must be~~  
5 ~~determined by prorating available funds among those counties on the basis of barrels of oil~~  
6 ~~production within the county compared to barrels of oil production among all counties that~~  
7 ~~qualify for a share of funds available under this section in the most recently completed state~~  
8 ~~fiscal year.~~

9 1. The sum appropriated in this section must be used to rehabilitate or reconstruct county  
10 paved and unpaved roads needed to support oil and gas production and distribution in  
11 North Dakota.

12 a. Funding allocations to counties are to be made by the department of  
13 transportation based on data supplied by the upper great plains transportation  
14 institute.

15 b. Counties identified in the data supplied by the upper great plains transportation  
16 institute which received \$5,000,000 or more of allocations under subsection 2 of  
17 section 57-51-15 for the state fiscal year ending June 30, 2012, are eligible for  
18 this funding.

19 2. Each county requesting funding under this section for county roads shall submit the  
20 request in accordance with criteria developed by the department of transportation.

21 a. The request must include a proposed plan for funding projects that rehabilitate or  
22 reconstruct paved and unpaved roads within the county.

23 b. The plan must be based on data supplied by the upper great plains transportation  
24 institute, actual road conditions, and integration with state highway and other  
25 county road projects.

26 c. Projects funded under this section must comply with the American association of  
27 state highway transportation officials (AASHTO) pavement design procedures  
28 and the department of transportation local government requirements. Upon  
29 completion of major reconstruction projects, the roadway segment must be  
30 posted at a legal load limit of 105,500 pounds [47853.993 kilograms].

31 d. Funds may not be used for routine maintenance.

1 3. The department of transportation, in consultation with the county, may approve the  
2 plan or approve the plan with amendments.

3 4. The funding appropriated in this section may be used for:

4 a. Ninety percent of the cost of the approved roadway projects not to exceed the  
5 funding available for that county.

6 b. Funding may be used for construction, engineering, and plan development costs.

7 5. Upon approval of the plan, the department of transportation shall transfer to the county  
8 the approved funding for engineering and plan development costs.

9 6. Upon execution of a construction contract by the county, the department of  
10 transportation shall transfer to the county the approved funding to be distributed for  
11 county and township road rehabilitation and reconstruction projects.

12 7. The recipient counties shall report to the department of transportation upon awarding  
13 of each contract and upon completion of each project in a manner prescribed by the  
14 department.

15 8. The funding under this section may be applied to engineering, design, and  
16 construction costs incurred on related projects as of January 1, 2013.

17 9. Section 54-44.1-11 does not apply to funding under this section. Any funds not spent  
18 by June 30, 2015, must be continued into the biennium beginning July 1, 2015, and  
19 ending June 30, 2017, and may be expended only for purposes authorized by this  
20 section.

21 ~~SECTION 7. APPROPRIATION -- DEPARTMENT OF TRANSPORTATION. There is~~  
22 ~~appropriated out of any moneys in the general fund in the state treasury, not otherwise~~  
23 ~~appropriated, the sum of \$150,000,000, or so much of the sum as may be necessary, to the~~  
24 ~~department of transportation for the purpose of allocation in equal amounts in each fiscal year~~  
25 ~~of the biennium among counties that did not receive \$5,000,000 or more of allocations under~~  
26 ~~subsection 2 of section 57-51-15 in the most recently completed state fiscal year, for the period~~  
27 ~~beginning May 1, 2013, and ending June 30, 2015. The amounts available for allocation under~~  
28 ~~this section must be allocated in the amount of \$45,000,000 on or before May 1, 2013, and in~~  
29 ~~the amount of \$105,000,000 on or before May 1, 2014. Allocations among counties under this~~  
30 ~~section must be prorated among eligible counties on the basis of miles of road in the county~~  
31 ~~road system. Projects to be funded under this section must comply with American association of~~

~~state highway and transportation officials pavement design procedures and department of transportation local government requirements.~~

**SECTION 7. APPROPRIATION - STATE TREASURER.** There is appropriated out of any moneys in the general fund in the state treasury, not otherwise appropriated, the sum of \$8,760,000, or so much of the sum as may be necessary, to the state treasurer for allocation to counties for allocation to or for the benefit of townships in oil-producing counties, for the ~~period~~ **biennium** beginning ~~May~~ **July** 1, 2013, and ending June 30, 2015. The funding provided in this section must be distributed in equal amounts ~~on or before May 1, in July~~ 2013, and May 1, 2014. The state treasurer shall distribute the funds provided under this section as soon as possible to counties and the county treasurer shall allocate the funds to or for the benefit of townships in oil-producing counties through a distribution of \$15,000 each year to each organized township and a distribution of \$15,000 each year for each unorganized township to the county in which the unorganized township is located. If any funds remain after the distributions provided under this section, the state treasurer shall distribute eighty percent of the remaining funds to counties and cities in oil-producing counties pursuant to the method provided in subsection 4 of section 54-27-19 and shall distribute twenty percent of the remaining funds to counties and townships in oil-producing counties pursuant to the method provided in section 54-27-19.1. An organized township is not eligible for an allocation of funds under this subdivision ~~if that township has uncommitted reserve funds on hand exceeding \$100,000 or~~ if in a taxable year after 2012 that township is not levying at least ten mills for township purposes. For unorganized townships within the county, the board of county commissioners may expend an appropriate portion of revenues under this subdivision for township roads or other infrastructure needs in those townships. A township is not eligible for an allocation of funds under this section if the township does not maintain any township roads. For the purposes of this section, an "oil-producing county" means a county that received an allocation of funding under section 57-51-15 of more than \$500,000 but less than \$5,000,000 ~~for~~ **during** the preceding state fiscal year.

~~**SECTION 9. APPROPRIATION - STATE DEPARTMENT OF HEALTH.** There is appropriated out of any moneys in the general fund in the state treasury, not otherwise appropriated, the sum of \$6,250,000, or so much of the sum as may be necessary, to the state department of health for allocations by the emergency medical services advisory council for the~~

~~purpose of state financial assistance under chapter 23-46 to emergency medical service providers for that portion of the emergency medical service provider's service area in counties that did not receive \$5,000,000 or more of allocations under subsection 2 of section 57-51-15 in the most recently completed state fiscal year, for the biennium beginning July 1, 2013, and ending June 30, 2015. Allocations of the amount appropriated in this section may not exceed \$3,125,000 for each year of the biennium.~~

**SECTION 8. APPROPRIATION - COMMISSIONER OF UNIVERSITY AND SCHOOL**

**LANDS - OIL AND GAS IMPACT GRANT FUND.** There is appropriated out of any moneys in the oil and gas impact grant fund in the state treasury, not otherwise appropriated, the sum of \$5,000,000, or so much of the sum as may be necessary, to the commissioner of university and school lands for the purpose of providing distributions to eligible counties experiencing new oil and gas development activities, for the biennium beginning July 1, 2013, and ending June 30, 2015. As determined by the director of the department of mineral resources, a county is eligible for a distribution under this section if the county produced fewer than one hundred thousand barrels of oil for the month of November 2012 and after November 2012 the number of active oil rigs operating in the county in any one month exceeds four rigs. Upon the determination by the director of the department of mineral resources that a county is eligible for a distribution under this section, the commissioner of university and school lands shall provide \$1,250,000 to the county for defraying expenses associated with oil and gas development impacts in the county. The county, in determining the use of the funds received, shall consider and, to the extent possible, address the needs of other political subdivisions in the county resulting from the impact of oil and gas development.

~~**SECTION 11. APPROPRIATION - DEPARTMENT OF COMMERCE - STRATEGIC**~~

~~**INVESTMENT AND IMPROVEMENTS FUND.** There is appropriated out of any moneys in the strategic investment and improvements fund in the state treasury, not otherwise appropriated, the sum of \$6,000,000, or so much of the sum as may be necessary, to the department of commerce for the purpose of administering a grant program for nursing homes, basic care facilities, and providers that serve individuals with developmental disabilities located in oil-producing counties to address the effects of oil and gas and related economic development activities, for the biennium beginning July 1, 2013, and ending June 30, 2015. The department of commerce shall allocate funding in January of each year of the biennium, based on the~~

1 number of full-time equivalent positions of each nursing home, facility, or provider as determined  
2 by the department of human services. The annual allocation for each full-time equivalent  
3 position may not exceed \$90 per month. When setting rates for the entities receiving grants  
4 under this section, the department of human services shall exclude grant income received  
5 under this section as an offset to costs. This funding is considered one-time funding for the  
6 2013-15 biennium. The department of commerce shall report to the legislative management  
7 during the 2013-14 interim and to the appropriations committees of the sixty-fourth legislative  
8 assembly on the use of this one-time funding. For purposes of this section, an "oil-producing  
9 county" means a county that received an allocation of funding under section 57-51-15 for the  
10 preceding state fiscal year.

11 ~~SECTION 12. APPROPRIATION - DEPARTMENT OF HUMAN SERVICES - STRATEGIC~~  
12 ~~INVESTMENT AND IMPROVEMENTS FUND.~~ There is appropriated out of any moneys in the  
13 strategic investment and improvements fund in the state treasury, not otherwise appropriated,  
14 the sum of \$10,000,000, or so much of the sum as may be necessary, to the department of  
15 human services for the purpose of administering a grant program for critical access hospitals in  
16 oil-producing counties and in counties contiguous to an oil-producing county to address the  
17 effects of oil and gas and related economic development activities, for the biennium beginning  
18 July 1, 2013, and ending June 30, 2015. The department of human services shall develop  
19 policies and procedures for the disbursement of the grant funding and may not award more than  
20 \$5,000,000 during each year of the biennium. The department of human services shall allocate  
21 funding in January of each year of the biennium. This funding is considered one-time funding for  
22 the 2013-15 biennium. The department of human services shall report to the legislative  
23 management during the 2013-14 interim and to the appropriations committees of the  
24 sixty-fourth legislative assembly on the use of this one-time funding. For the purposes of this  
25 section, an "oil-producing county" means a county that received an allocation of funding under  
26 section 57-51-15 of more than \$500,000 for the preceding state fiscal year.

27 ~~SECTION 13. LEGISLATIVE INTENT.~~ It is the intent of the sixty-third legislative assembly  
28 that this Act is the initiation of a ten-year plan.

29 **SECTION 9. APPROPRIATION - TRANSFER - GENERAL FUND TO OIL AND GAS**  
30 **IMPACT GRANT FUND.** There is appropriated out of any moneys in the general fund in the  
31 state treasury, not otherwise appropriated, the sum of \$65,000,000, which the office of

1 management and budget shall transfer to the oil and gas impact grant fund, for the biennium  
2 beginning July 1, 2013, and ending June 30, 2015. The funding provided in this section is  
3 considered one-time funding.

4 **SECTION 10. EFFECTIVE DATE.** Sections 2 and 3 of this Act are effective for taxable  
5 events occurring after June 30, 2013.

6 ~~**SECTION 15. EMERGENCY.** Sections 6, 7, and 8 of this Act are declared to be an~~  
7 ~~emergency measure.~~
