27 **~~57-51-15. (Effective for taxable events occurring through June 30, 2015) Gross~~**

28 **production tax allocation.**

29 The gross production tax must be allocated monthly as follows:

- 1 1. First the tax revenue collected under this chapter equal to one percent of the gross
2 value at the well of the oil and one-fifth of the tax on gas must be deposited with the
3 state treasurer who shall:
- 4 a. Allocate to each hub city a monthly amount that will provide a total allocation of
5 three hundred seventy-five thousand dollars per fiscal year for each full or partial
6 percentage point of its private covered employment engaged in ~~the mining-~~
7 ~~industry~~oil and gas-related employment, according to annual data compiled by
8 job service North Dakota;
- 9 b. Allocate to each hub city school district a monthly amount that will provide a total
10 allocation of one hundred twenty-five thousand dollars per fiscal year for each full
11 or partial percentage point of the hub city's private covered employment engaged
12 in ~~the mining industry~~oil and gas-related employment, according to annual data
13 compiled by job service North Dakota;
- 14 c. Allocate to each county that received more than five million dollars but less than
15 thirty million dollars of total allocations under subsection 2 in state fiscal year
16 2014 a monthly amount that will provide a total allocation of one million five
17 hundred thousand dollars per fiscal year to be added by the state treasurer to the
18 allocations to school districts under subdivision b of subsection 5;
- 19 ~~e.d.~~ Credit revenues to the oil and gas impact grant fund, but not in an amount
20 exceeding ~~two~~one hundred forty million dollars per biennium;
- 21 ~~d.e.~~ Credit ~~four~~eight percent of the amount available under this subsection to the
22 North Dakota outdoor heritage fund, but not in an amount exceeding
23 ~~fifteen~~twenty million dollars in a state fiscal year and not in an amount exceeding
24 ~~thirty~~forty million dollars per biennium;
- 25 ~~e.f.~~ Credit four percent of the amount available under this subsection to the
26 abandoned oil and gas well plugging and site reclamation fund, but not in an
27 amount exceeding five million dollars in a state fiscal year and not in an amount
28 that would bring the balance in the fund to more than seventy-five million dollars;
29 and
- 30 ~~f.g.~~ Allocate the remaining revenues under subsection 3.

- 1 2. After deduction of the amount provided in subsection 1, annual revenue collected
2 under this chapter from oil and gas produced in each county must be allocated as

- 4 a. The first five million dollars is allocated to the county.
5 b. Of all annual revenue exceeding five million dollars, ~~twenty-five~~thirty percent is
6 allocated to the county.
- 7 3. After the allocations under subsections 1 and 2, the amount remaining is allocated first
8 to provide for deposit of thirty percent of all revenue collected under this chapter in the
9 legacy fund as provided in section 26 of article X of the Constitution of North Dakota
10 and the remainder must be allocated to the state general fund. If the amount available
11 for a monthly allocation under this subsection is insufficient to deposit thirty percent of
12 all revenue collected under this chapter in the legacy fund, the state treasurer shall
13 transfer the amount of the shortfall from the state general fund share of oil extraction
14 tax collections and deposit that amount in the legacy fund.
- 15 4. For a county that received less than five million dollars of allocations under
16 subsection 2 in ~~the most recently completed~~ state fiscal year 2014, revenues allocated
17 to that county must be distributed ~~no less than~~at least quarterly by the state treasurer
18 as follows:
- 19 a. Forty-five percent must be distributed to the county treasurer and credited to the
20 county general fund. However, the ~~allocation~~distribution to a county under this
21 subdivision must be credited to the state general fund if in a taxable year after
22 2012 the county is not levying a total of at least ten mills for combined levies for
23 county road and bridge, farm-to-market and federal aid road, and county road
24 purposes.
- 25 b. ~~Thirty-five percent of all revenues allocated to any county for allocation under this~~
26 ~~subsection must be apportioned by the state treasurer no less than~~
27 ~~quarterly~~distributed to school districts within the county, ~~excluding consideration~~
28 ~~of and allocation to any hub city school district in the county~~, on the average daily
29 attendance distribution basis for kindergarten through grade twelve students
30 residing within the county, as certified to the state treasurer by the county

1 superintendent of schools. However, a hub city school district must be omitted
2 from distributions under this subdivision.

3 c. Twenty percent must be ~~apportioned no less than quarterly by the state~~
4 ~~treasurer~~distributed to the incorporated cities of the county. A hub city must be
5 omitted from ~~apportionment~~distributions under this subdivision.

6 ~~Apportionment~~Distributions among cities under this subsection must be based
7 upon the population of each incorporated city according to the last official
8 decennial federal census. In determining the population of any city in which total
9 employment increases by more than two hundred percent seasonally due to
10 tourism, the population of that city for purposes of this subdivision must be
11 increased by eight hundred percent.

12 5. For a county that received five million dollars or more of allocations under subsection 2
13 in ~~the most recently completed~~ state fiscal year 2014, revenues allocated to that
14 county must be distributed ~~no less than~~ at least quarterly by the state treasurer as
15 follows:

16 a. ~~Sixty~~Sixty-four percent must be distributed to the county treasurer and credited to
17 the county general fund. However, the ~~allocation~~distribution to a county under this
18 subdivision must be credited to the state general fund if in a taxable year after
19 2012 the county is not levying a total of at least ten mills for combined levies for
20 county road and bridge, farm-to-market and federal aid road, and county road
21 purposes.

22 b. Five percent must be ~~apportioned by the state treasurer no less than~~
23 ~~quarterly~~distributed to school districts within the county on the average daily
24 attendance distribution basis for kindergarten through grade twelve students
25 residing within the county, as certified to the state treasurer by the county
26 superintendent of schools. However, a hub city school district must be omitted
27 from ~~consideration and apportionment~~distributions under this subdivision.

28 c. Twenty percent must be ~~apportioned no less than quarterly by the state~~
29 ~~treasurer~~distributed to the incorporated cities of the county. A hub city must be
30 omitted from ~~apportionment~~distributions under this subdivision.

31 ~~Apportionment~~Distributions among cities under this subsection must be based

1 upon the population of each incorporated city according to the last official
2 decennial federal census. In determining the population of any city in which total
3 employment increases by more than two hundred percent seasonally due to
4 tourism, the population of that city for purposes of this subdivision must be
5 increased by eight hundred percent.

6 d. ~~Three~~Two percent must be ~~apportioned no less than quarterly by the state~~
7 ~~treasurer~~allocated among the organized and unorganized townships of the
8 county. The state treasurer shall ~~apportion~~allocate the funds available under this
9 subdivision among townships in ~~the proportion that township to each township's~~
10 ~~road miles in the township bear~~relative to the total township road miles in the
11 county. The amount ~~apportioned~~allocated to unorganized townships under this
12 subdivision must be distributed to the county treasurer and credited to a special
13 fund for unorganized township roads, which the board of county commissioners
14 shall use for the maintenance and improvement of roads in unorganized
15 townships.

16 e. ~~Three~~Two percent must be allocated ~~by the state treasurer~~ among the organized
17 and unorganized townships in all the counties that received five million dollars or
18 more of allocations under subsection 2 in the most recently completed state fiscal
19 year. The amount available under this subdivision must be allocated ~~no less than~~
20 ~~quarterly~~ by the state treasurer in an equal amount to each eligible organized and
21 unorganized township. The amount allocated to unorganized townships under
22 this subdivision must be distributed to the county treasurer and credited to a
23 special fund for unorganized township roads, which the board of county
24 commissioners shall use for the maintenance and improvement of roads in
25 unorganized townships.

26 f. ~~Nine~~Seven percent must be allocated ~~by the state treasurer~~distributed among
27 hub cities. ~~The amount available for allocation under this subdivision must be~~
28 ~~apportioned by the state treasurer no less than quarterly among hub cities.~~ Sixty
29 percent of funds available under this subdivision must be distributed to the hub
30 city receiving the ~~greatest~~highest percentage of allocations to hub cities under
31 subdivision a of subsection 1 for the quarterly period, thirty percent of funds

1 available under this subdivision must be distributed to the hub city receiving the
2 second ~~greatest~~highest percentage of such allocations, and ten percent of funds
3 available under this subdivision must be distributed to the hub city receiving the
4 third ~~greatest~~highest percentage of such allocations.

5 6. Within thirty days after the end of each calendar year, the board of county
6 commissioners of each county that has received an allocation under this section shall
7 file a report for the calendar year with the commissioner, in a format prescribed by the
8 commissioner, including:

9 a. The county's statement of revenues and expenditures; ~~and~~

10 b. ~~The amount allocated to or for the benefit of townships or school districts, the~~
11 ~~amount allocated to each organized township or school district and the amount~~
12 ~~expended from each such allocation by that township or school district, the~~
13 ~~amount expended by the board of county commissioners on behalf of each~~
14 ~~unorganized township for which an expenditure was made, and the amount~~
15 ~~available for allocation to or for the benefit of townships or school districts which~~
16 ~~remained unexpended at the end of the fiscal year.~~ The county's ending fund
17 balances;

18 c. The amounts allocated under this section to the county's general fund, the
19 amounts expended from these allocations, and the purposes of the expenditures;
20 and

21 d. The amounts allocated under this section to or for the benefit of townships within
22 the county, the amounts expended from these allocations, and the purposes of
23 the expenditures.

24 Within fifteen days after the time when reports under this subsection ~~were~~are due, the
25 commissioner shall provide the reports to the legislative council compiling the
26 information from reports received under this subsection.

27 7. Within thirty days after the end of each fiscal year ended June thirtieth, each school
28 district that has received an allocation under this section shall file a report for the fiscal
29 year ended June thirtieth with the commissioner, in a format prescribed by the
30 commissioner, including:

31 a. The school district's statement of revenue and expenditures;

- 1 b. The school district's ending fund balances; and
2 c. The amounts allocated under this section to the school district, the amounts
3 expended from these allocations, and the purposes of the expenditures.

4 Within fifteen days after the time when reports under this subsection are due, the
5 commissioner shall provide the reports to the legislative council compiling the
6 information from reports received under this subsection.

7 ~~(Effective for taxable events occurring after June 30, 2015) Gross production tax~~
8 **allocation.** ~~The gross production tax must be allocated monthly as follows:~~

9 1. ~~First the tax revenue collected under this chapter equal to one percent of the gross~~
10 ~~value at the well of the oil and one fifth of the tax on gas must be deposited with the~~
11 ~~state treasurer who shall:~~

12 a. ~~Allocate five hundred thousand dollars per fiscal year to each city in an~~
13 ~~oil-producing county which has a population of seven thousand five hundred or~~
14 ~~more and more than two percent of its private covered employment engaged in~~
15 ~~the mining industry, according to data compiled by job service North Dakota. The~~
16 ~~allocation under this subdivision must be doubled if the city has more than seven~~
17 ~~and one-half percent of its private covered employment engaged in the mining~~
18 ~~industry, according to data compiled by job service North Dakota;~~

19 b. ~~Credit revenues to the oil and gas impact grant fund, but not in an amount~~
20 ~~exceeding one hundred million dollars per biennium;~~

21 c. ~~Credit four percent of the amount available under this subsection to the North~~
22 ~~Dakota outdoor heritage fund, but not in an amount exceeding fifteen million~~
23 ~~dollars in a state fiscal year and not in an amount exceeding thirty million dollars~~
24 ~~per biennium;~~

25 d. ~~Credit four percent of the amount available under this subsection to the~~
26 ~~abandoned oil and gas well plugging and site reclamation fund, but not in an~~
27 ~~amount exceeding five million dollars in a state fiscal year and not in an amount~~
28 ~~that would bring the balance in the fund to more than seventy-five million dollars;~~
29 ~~and~~

30 e. ~~Allocate the remaining revenues under subsection 3.~~

Sixty-fourth
Legislative Assembly

- 1 2. ~~After deduction of the amount provided in subsection 1, annual revenue collected~~
2 ~~under this chapter from oil and gas produced in each county must be allocated as~~
3 ~~follows:~~
- 4 a. ~~The first two million dollars is allocated to the county.~~
5 b. ~~Of the next one million dollars, seventy-five percent is allocated to the county.~~
6 c. ~~Of the next one million dollars, fifty percent is allocated to the county.~~
7 d. ~~Of the next fourteen million dollars, twenty-five percent is allocated to the county.~~
8 e. ~~Of all annual revenue exceeding eighteen million dollars, ten percent is allocated~~
9 ~~to the county.~~
- 10 3. ~~After the allocations under subsections 1 and 2, the amount remaining is allocated first~~
11 ~~to provide for deposit of thirty percent of all revenue collected under this chapter in the~~
12 ~~legacy fund as provided in section 26 of article X of the Constitution of North Dakota~~
13 ~~and the remainder must be allocated to the state general fund. If the amount available~~
14 ~~for a monthly allocation under this subsection is insufficient to deposit thirty percent of~~
15 ~~all revenue collected under this chapter in the legacy fund, the state treasurer shall~~
16 ~~transfer the amount of the shortfall from the state general fund share of oil extraction~~
17 ~~tax collections and deposit that amount in the legacy fund.~~
- 18 4. ~~The amount to which each county is entitled under subsection 2 must be allocated~~
19 ~~within the county so the first five million three hundred fifty thousand dollars is~~
20 ~~allocated under subsection 5 for each fiscal year and any amount received by a county~~
21 ~~exceeding five million three hundred fifty thousand dollars is credited by the county~~
22 ~~treasurer to the county infrastructure fund and allocated under subsection 6.~~
- 23 5. a. ~~Forty-five percent of all revenues allocated to any county for allocation under this~~
24 ~~subsection must be credited by the county treasurer to the county general fund.~~
25 ~~However, the allocation to a county under this subdivision must be credited to the~~
26 ~~state general fund if during that fiscal year the county does not levy a total of at~~
27 ~~least ten mills for combined levies for county road and bridge, farm-to-market and~~
28 ~~federal aid road, and county road purposes.~~
- 29 b. ~~Thirty-five percent of all revenues allocated to any county for allocation under this~~
30 ~~subsection must be apportioned by the county treasurer no less than quarterly to~~
31 ~~school districts within the county on the average daily attendance distribution~~

1 basis, as certified to the county treasurer by the county superintendent of
2 schools. However, no school district may receive in any single academic year an
3 amount under this subsection greater than the county average per student cost
4 multiplied by seventy percent, then multiplied by the number of students in
5 average daily attendance or the number of children of school age in the school
6 census for the county, whichever is greater. Provided, however, that in any county
7 in which the average daily attendance or the school census, whichever is greater,
8 is fewer than four hundred, the county is entitled to one hundred twenty percent
9 of the county average per student cost multiplied by the number of students in
10 average daily attendance or the number of children of school age in the school
11 census for the county, whichever is greater. Once this level has been reached
12 through distributions under this subsection, all excess funds to which the school
13 district would be entitled as part of its thirty-five percent share must be deposited
14 instead in the county general fund. The county superintendent of schools of each
15 oil-producing county shall certify to the county treasurer by July first of each year
16 the amount to which each school district is limited pursuant to this subsection. As
17 used in this subsection, "average daily attendance" means the average daily
18 attendance for the school year immediately preceding the certification by the
19 county superintendent of schools required by this subsection.

20 The countywide allocation to school districts under this subdivision is subject
21 to the following:

- 22 (1) The first three hundred fifty thousand dollars is apportioned entirely among
23 school districts in the county.
- 24 (2) The next three hundred fifty thousand dollars is apportioned seventy-five
25 percent among school districts in the county and twenty-five percent to the
26 county infrastructure fund.
- 27 (3) The next two hundred sixty-two thousand five hundred dollars is
28 apportioned two-thirds among school districts in the county and one-third to
29 the county infrastructure fund.

- 1 (4) ~~The next one hundred seventy-five thousand dollars is apportioned fifty-~~
2 ~~percent among school districts in the county and fifty percent to the county-~~
3 ~~infrastructure fund.~~
- 4 (5) ~~Any remaining amount is apportioned to the county infrastructure fund-~~
5 ~~except from that remaining amount the following amounts are apportioned-~~
6 ~~among school districts in the county:~~
- 7 (a) ~~Four hundred ninety thousand dollars, for counties having a-~~
8 ~~population of three thousand or fewer.~~
- 9 (b) ~~Five hundred sixty thousand dollars, for counties having a population-~~
10 ~~of more than three thousand and fewer than six thousand.~~
- 11 (c) ~~Seven hundred thirty-five thousand dollars, for counties having a-~~
12 ~~population of six thousand or more.~~
- 13 e. ~~Twenty percent of all revenues allocated to any county for allocation under this-~~
14 ~~subsection must be apportioned no less than quarterly by the state treasurer to-~~
15 ~~the incorporated cities of the county. Apportionment among cities under this-~~
16 ~~subsection must be based upon the population of each incorporated city-~~
17 ~~according to the last official decennial federal census. In determining the-~~
18 ~~population of any city in which total employment increases by more than two-~~
19 ~~hundred percent seasonally due to tourism, the population of that city for-~~
20 ~~purposes of this subdivision must be increased by eight hundred percent. If a city-~~
21 ~~receives a direct allocation under subsection 1, the allocation to that city under-~~
22 ~~this subsection is limited to sixty percent of the amount otherwise determined for-~~
23 ~~that city under this subsection and the amount exceeding this limitation must be-~~
24 ~~reallocated among the other cities in the county.~~
- 25 6. a. ~~Forty-five percent of all revenues allocated to a county infrastructure fund under-~~
26 ~~subsections 4 and 5 must be credited by the county treasurer to the county-~~
27 ~~general fund. However, the allocation to a county under this subdivision must be-~~
28 ~~credited to the state general fund if during that fiscal year the county does not-~~
29 ~~levy a total of at least ten mills for combined levies for county road and bridge,-~~
30 ~~farm to market and federal aid road, and county road purposes.~~

1 b. ~~Thirty-five percent of all revenues allocated to the county infrastructure fund~~
2 ~~under subsections 4 and 5 must be allocated by the board of county~~
3 ~~commissioners to or for the benefit of townships in the county on the basis of~~
4 ~~applications by townships for funding to offset oil and gas development impact to~~
5 ~~township roads or other infrastructure needs or applications by school districts for~~
6 ~~repair or replacement of school district vehicles necessitated by damage or~~
7 ~~deterioration attributable to travel on oil and gas development impacted roads. An~~
8 ~~organized township is not eligible for an allocation of funds under this subdivision~~
9 ~~unless during that fiscal year that township levies at least ten mills for township~~
10 ~~purposes. For unorganized townships within the county, the board of county~~
11 ~~commissioners may expend an appropriate portion of revenues under this~~
12 ~~subdivision to offset oil and gas development impact to township roads or other~~
13 ~~infrastructure needs in those townships. The amount deposited during each~~
14 ~~calendar year in the county infrastructure fund which is designated for allocation~~
15 ~~under this subdivision and which is unexpended and unobligated at the end of~~
16 ~~the calendar year must be transferred by the county treasurer to the county road~~
17 ~~and bridge fund for use on county road and bridge projects.~~

18 e. ~~Twenty percent of all revenues allocated to any county infrastructure fund under~~
19 ~~subsections 4 and 5 must be allocated by the county treasurer no less than~~
20 ~~quarterly to the incorporated cities of the county. Apportionment among cities~~
21 ~~under this subsection must be based upon the population of each incorporated~~
22 ~~city according to the last official decennial federal census. If a city receives a~~
23 ~~direct allocation under subsection 1, the allocation to that city under this~~
24 ~~subsection is limited to sixty percent of the amount otherwise determined for that~~
25 ~~city under this subsection and the amount exceeding this limitation must be~~
26 ~~reallocated among the other cities in the county.~~

27 7. ~~Within thirty days after the end of each calendar year, the board of county~~
28 ~~commissioners of each county that has received an allocation under this section shall~~
29 ~~file a report for the calendar year with the commissioner, in a format prescribed by the~~
30 ~~commissioner, including:~~

31 a. ~~The county's statement of revenues and expenditures; and~~

1 b. ~~The amount available in the county infrastructure fund for allocation to or for the~~
2 ~~benefit of townships or school districts, the amount allocated to each organized~~
3 ~~township or school district and the amount expended from each such allocation~~
4 ~~by that township or school district, the amount expended by the board of county~~
5 ~~commissioners on behalf of each unorganized township for which an expenditure~~
6 ~~was made, and the amount available for allocation to or for the benefit of~~
7 ~~townships or school districts which remained unexpended at the end of the fiscal~~
8 ~~year.~~

9 ~~Within fifteen days after the time when reports under this subsection were due, the~~
10 ~~commissioner shall provide the reports to the legislative council compiling the~~
11 ~~information from reports received under this subsection.~~

12 **SECTION 3. APPROPRIATION - DEPARTMENT OF TRANSPORTATION - NON-OIL-**
13 **PRODUCING COUNTIES - EXEMPTION - REPORT TO BUDGET SECTION.** There is

14 appropriated out of any moneys in the general fund in the state treasury, not otherwise
15 appropriated, the sum of \$112,000,000, or so much of the sum as may be necessary, to the
16 department of transportation for the purpose of distributions to non-oil-producing counties, for
17 the biennium beginning July 1, 2015, and ending June 30, 2017. The distributions must be
18 based on county major collector roadway miles as defined by the department of transportation.
19 The distribution to each non-oil-producing county must be proportional to each non-oil-
20 producing county's total county major collector roadway miles relative to the combined total of
21 county major collector roadway miles of all the eligible non-oil-producing counties under this
