The department shall establish, by rule, procedures for determining rates for the care of residents of basic care facilities that qualify as vendors of an aged, blind, and disabled persons program and for implementing provisions of this chapter. The procedures must be based on methods and standards that the department finds are adequate to recognize the costs that must be incurred for the care of residents in efficiently and economically operated basic care facilities.
2. The department shall identify costs that are recognized for establishing payment rates.
3. For the rate year beginning July 1, 2016, the department shall establish the limits by using the average of the highest and lowest rates from the 2014 rate year. The direct care limit must be ninety-five percent of the average and the indirect care limit must be ninety percent of the average. Beginning with the July 1, 2017, rate year, the department shall adjust the limits by using the cost percentage change from the prior two rate years, within the limits of legislative appropriations.
4. The department shall provide, by rule, within the limits of legislative appropriations, for payment of rates paid by the aged, blind, and disabled persons program for a maximum of thirty days per occurrence for leave days for a resident who is in a licensed health care facility when the resident is expected to return to the facility.
