

Introduced by

Senators Klein, Luick, Oehlke

Representatives Louser, Monson, Schreiber Beck

1 A BILL for an Act to amend and reenact section 43-07-02 and subsection 3 of section 43-07-10  
2 of the North Dakota Century Code, relating to providing penalties for operating without a  
3 contractor's license and committing construction fraud; to repeal section 43-07-18 of the North  
4 Dakota Century Code, relating to the penalty for operating without a contractor's license; and to  
5 provide a penalty.

6 **BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

7 **SECTION 1. AMENDMENT.** Section 43-07-02 of the North Dakota Century Code is  
8 amended and reenacted as follows:

9 **43-07-02. License required - Construction fraud - Penalty.**

- 10 1. A person may not engage in the business nor act in the capacity of a contractor within  
11 this state when the cost, value, or price per job exceeds the sum of two thousand  
12 dollars nor may that person maintain any claim, action, suit, or proceeding in any court  
13 of this state related to the person's business or capacity as a contractor without first  
14 having a license as provided in this chapter.
- 15 2. Any person acting in the capacity of a contractor without a license is guilty of a class A  
16 misdemeanor. Regardless of whether a person is subjected to criminal prosecution  
17 under this subsection, and in addition to the license fee that may be assessed when  
18 the person applies for a license, the person may be assessed a civil penalty by the  
19 registrar, following written notice to the person of an intent to assess the penalty, in an  
20 amount not to exceed three times the amount set forth in section 43-07-07. Any civil  
21 penalty must be assessed and collected before a person is issued a license. The  
22 assessment of a civil penalty may be appealed in the same manner as appeals under  
23 section 43-07-04, but only on the basis that the registrar's administrative determination

1           that the person acted as a contractor when not licensed as a contractor was clearly  
2           erroneous.

3           3. A person commits construction fraud if:

4           a. The person receives payment for a construction project by intentionally using  
5           deception as defined in section 12.1-23-10.

6           b. The person receives payment for the purchase of materials or supplies and  
7           willfully fails to pay the supplier for the goods received.

8           c. The person willfully abandons a construction project after receiving payment for  
9           services or materials. Abandonment under this subdivision arises if:

10           (1) A contractor fails substantially to commence any work agreed upon, unless  
11           the failure is due to circumstances beyond the control of the contractor:

12           (a) Within sixty days of a starting date agreed upon in writing; or

13           (b) Within ninety days of the contract date if no starting date is agreed  
14           upon in writing; or

15           (2) A contractor fails to complete any work agreed upon in writing within  
16           ninety days of a completion date agreed upon in writing, or within one  
17           hundred eighty days of the contract date if no completion date is agreed  
18           upon in writing, unless the failure is due to circumstances beyond the  
19           control of the contractor.

20           4. It is a defense to prosecution under subsection 3 if:

21           a. The person returned all of the payment received for work not performed or  
22           materials not supplied. If the person provided materials to the jobsite but did  
23           not pay suppliers for those materials, this defense does not apply. This  
24           defense is only valid if the payment was provided before criminal charges  
25           were filed.

26           b. The person had a legitimate legal excuse for nonperformance.

27           c. The person was not able to complete the project because there were factors  
28           outside of the person's control and the person made substantial efforts to  
29           resolve any dispute.

30           5. The grade of the offense for violating subsection 3 is based on the amount of  
31           payment received. Payment of under ten thousand dollars is a class C felony;

1           under fifty thousand dollars but more than ten thousand dollars is a class B felony;  
2           and than fifty thousand dollars is a class A felony.

3           **SECTION 2. AMENDMENT.** Subsection 3 of section 43-07-10 of the North Dakota  
4 Century Code is amended and reenacted as follows:

- 5           3. The application for a certificate of renewal must be made to the registrar on or before  
6 the first day of March of each year. At the time of filing the application for a certificate  
7 of renewal, the applicant shall pay to the registrar a renewal fee equal to twenty  
8 percent of the license fee established in section 43-07-07. If any contractor applies for  
9 a renewal under a class different from the license previously issued, the new class  
10 license may be issued upon the payment of the fee required for the issuance of the  
11 license of the class applied for. If any contractor fails to file an application for a  
12 certificate of renewal by the March first deadline, the contractor's license is not in good  
13 standing and the contractor must be deemed to be unlicensed within the meaning of  
14 ~~sections~~section 43-07-02 and ~~43-07-18~~. Within sixty days after March first, the  
15 contractor must be notified by mail that the contractor's license is not in good standing.  
16 The contractor then has until June first to renew by paying a penalty fee of  
17 seventy-five percent of the renewal fee, filing an application for a certificate of renewal,  
18 and paying the renewal fee. A contractor who applies for a certificate of renewal before  
19 or within ninety days of the filing deadline is not subject to the investigation authorized  
20 in section 43-07-09. After the June first deadline any licenses not renewed are  
21 revoked. Any application for a certificate of renewal must be fully completed within  
22 sixty days of the date the application is received by the registrar or the registrar shall  
23 return the application to the contractor who then is subject to section 43-07-09. The  
24 registrar may destroy all renewals provided for in this section after they have been on  
25 file for six years.

26           **SECTION 3. REPEAL.** Section 43-07-18 of the North Dakota Century Code is repealed.
