7 ~~Multiple prime bids for the general, electrical, and mechanical portions of a project~~Bids are  
8 required when any individual general, electrical, or mechanical contract or any combination of  
9 individual contracts is in excess of the threshold established under section 48-01.2-02.1. A  
10 governing body may allow submission of multiple prime bids for the general, electrical, and  
11 mechanical portions of a project. If a general, mechanical, or electrical contract is estimated to  
12 be less than twenty-five percent of the threshold, the contract may be included in one of the  
13 other prime contracts. A governing body may allow submission of a single prime bid for the  
14 complete project or bids for other specialized portions of the project. ~~A governing body may not~~  
15 ~~accept the single prime bid unless that bid is lower than the combined total of the lowest~~  
16 ~~responsible multiple bids for the project.~~ Multiple prime bids and single prime bids must include  
17 a list of the subcontractors to be used for the projectSingle prime bids must list the mechanical  
18 and electrical contractors in the base bid, then evaluate and determine the lowest responsible  
19 bidder. If a bid for the general, electrical, or mechanical portions of a project is not received, a  
20 governing body may negotiate a contract amendment, up to an additional one hundred fifty  
21 thousand dollars, with the general, electrical, or mechanical contractor whose contract would  
22 represent the largest portion of the project cost for providing the portion of the project for which  
23 a bid was not received without rebidding all or part of the project.
