Subject to the provisions of section 15-03-05 and section 15.1-36-09, the board of university and school lands shall apply the prudent investor rule in investing the permanent funds under its control. The "prudent investor rule" means that in making investments the board shall exercise the same judgment and care, under the circumstances then prevailing and limitations of North Dakota and federal law, that an institutional investor of ordinary prudence, discretion, and intelligence exercises in the management of large investments entrusted to it, not in regard to speculation but in regard to the permanent disposition of funds, considering probable safety of capital as well as probable investment returns. Notwithstanding any investments made before July 1, 1997, the board may not use any funds entrusted to it to purchase, as sole owner, commercial or residential real property in North Dakota without prior approval of the legislative assembly or the budget section of the legislative management. The board may also lend securities held by the permanent funds, including the authority to pledge a security interest in the securities in the possession of a custodian agent.
