12 or appropriate for the purposes of this chapter;
- 13 2. Make and execute contracts and all other instruments necessary or convenient for the  
14 performance of its powers and functions under this chapter;
- 15 3. Borrow money and issue evidences of indebtedness as provided in this chapter;
- 16 4. Receive and accept aid, grants, or contributions of money or other things of value from  
17 any source, including aid, grants, or contributions from any department, agency, or  
18 instrumentality of the United States, subject to the conditions upon which the aid,  
19 grants, or contributions are made and consistent with the provisions of this chapter;
- 20 5. Issue and sell evidences of indebtedness in an amount or amounts as the authority  
21 may determine, but not to exceed eight hundred million dollars, plus costs of issuance,  
22 credit enhancement, and any reserve funds required by agreements with or for the  
23 benefit of holders of the evidences of indebtedness for the purposes for which the  
24 authority is created under this chapter, provided that the amount of any refinancing

- 1 shall not be counted toward such eight hundred million dollar limitation to the extent it  
2 does not exceed the outstanding amount of the obligations being refinanced;
- 3 6. Refund and refinance its evidences of indebtedness;
- 4 7. Make and execute interest rate exchange contracts;
- 5 8. Enter lease-sale contracts;
- 6 9. Pledge any and all revenues derived by the authority under this chapter or from a  
7 transmission facility, service, or activity funded under this chapter to secure payment  
8 or redemption of the evidences of indebtedness;
- 9 10. To the extent and for the period of time necessary for the accomplishment of the  
10 purposes for which the authority was created, plan, finance, develop, acquire, own in  
11 whole or in part, lease, rent, and dispose of transmission facilities;
- 12 11. Enter contracts to construct, maintain, and operate transmission facilities;
- 13 12. Consult with the public service commission, regional organizations, and any other  
14 relevant state or federal authority or persons as necessary and establish reasonable  
15 fees, rates, tariffs, or other charges for transmission facilities and all services rendered  
16 by the authority;
- 17 13. Lease, rent, and dispose of transmission facilities owned pursuant to this chapter;
- 18 14. Investigate, plan, prioritize, and propose corridors of the transmission of electricity;
- 19 15. Participate in and join regional transmission organizations; ~~and~~
- 20 16. Participate in studies of transmission options for the purpose of identifying  
21 opportunities for private transmission investment or private public investment options  
22 in transmission which will increase opportunity for export from the state consistent with  
23 maintaining a stable grid for the load serving entities in North Dakota; and
- 24 17. Do any and all things necessary or expedient for the purposes of the authority  
25 provided in this chapter.

26 **SECTION 2. AMENDMENT.** Section 17-05-13 of the North Dakota Century Code is  
27 amended and reenacted as follows:

28 **17-05-13. Reporting requirements.**

- 29 1. The authority shall deliver a written report on its activities to the legislative council  
30 each biennium. Notwithstanding chapter 54-60.1, the authority shall provide an annual

1 report to the industrial commission detailing activities and expenditures incurred during  
2 the preceding year.

3 2. The authority shall deliver a written report on the status of the resilience of the electric  
4 grid to the legislative council and the industrial commission by September 1, 2022, and  
5 annually thereafter. The report must be forwarded by the industrial commission to the  
6 regional transmission operators in the state.

7 a. The information for the report should be collected from publicly available  
8 information to the extent possible. If public information is unavailable, the  
9 authority shall request a generation facility and a transmission owner to provide  
10 the information needed to complete the report.

11 b. The report may be a short-term and long-term projection of the following:

12 (1) The adequacy of the state's electric grid to meet the demands of load within  
13 the state and to continue to export electricity from the state;

14 (2) The resilience of the state's electric grid, including local resilience; and

15 (3) The plans of generation owners, developers, or operators to add or remove  
16 generation assets connected to an independent system or regional  
17 transmission operator in excess of an aggregate of twenty-five megawatts.

18 **SECTION 3. REPEAL.** Chapter 17-01 of the North Dakota Century Code is repealed.
