- 2 A. **Bill and fiscal impact summary:** *Provide a brief summary of the measure, including description of the provisions having fiscal impact (limited to 300 characters).*

SB 2296 modifies the charitable gaming and tribal-state gaming compacts, creates a new section relating to the regulation of electronic pull tab devices, and limits the number of electronic pull tab devices.

- B. **Fiscal impact sections:** *Identify and provide a brief description of the sections of the measure which have fiscal impact. Include any assumptions and comments relevant to the analysis.*

This bill will limit the number of electronic pull tab devices to 2,000. This would be a decrease of 1,221 from our current device count of 3,221. We estimate a general fund reduction of 8,758,160. This bill does not allow a bar employee to redeem an electronic pull tab credit ticket voucher and this may decrease the number of locations a charity would place a device due to increased staffing. The max prize per ticket would change from \$500 per line to \$500 per ticket. The gaming commission would go from 5 members to 10.

3. **State fiscal effect detail:** *For information shown under state fiscal effect in 1A, please:*

- A. **Revenues:** *Explain the revenue amounts. Provide detail, when appropriate, for each revenue type and fund affected and any amounts included in the executive budget.*
