He noted the Legislative Assembly rarely changes graduation requirements.

Representative Pollert noted the Interim House Appropriations committee members believed the bill draft was worthy of consideration.

Senator Schaible noted the bill draft would allow students to take cybersecurity as an alternative to a second mathematics or science course and would be a mandate on training staff to teach the courses.

Senator Oban noted the course would be mandated for students starting in 2025. She questioned why the bill was not introduced last session so the public could be fully engaged through hearings before education policy committees.

SPECIAL SESSION ARRANGEMENTS

Chairman Holmberg noted allowing remote participation by legislators during the 2021 regular session worked well when the remote participation was approved by the chamber leaders. He indicated there seems to be no reason to change that policy.

It was moved by Representative Koppelman, seconded by Representative Bosch, and carried on a voice vote that the Legislative Assembly continue the policy of allowing remote participation by a legislator during the special session upon approval of the legislator's caucus leader or presiding officer in the chamber.

Representative Pollert noted the members of the Delayed Bills Committee and the Rules Committee remain the same as during the 2021 regular session. He announced he will recommend the Committee on Committees appoint Representative Weisz as the House Chairman of the Joint Technical Corrections Committee and Representative Todd Porter as the House Vice Chairman. He indicated he will recommend the other members of the committee to be Representatives Dockter, Hanson, Louser, O'Brien, Richter, and Roers Jones.
