Subject: Report back language

My suggestion would be to amend pg. 124 , In 17-18, to read “to the commission on legal counsel for indigents for the purpose of providing legal counsel and related services for juveniles, for the biennium beginning July 1, 2021 and ending June 30, 2023. The commission on legal counsel for indigents shall report to the 68th legislative assembly the costs incurred in providing counsel and related services for juveniles in North Dakota.”

This adds the related services and then requires us to report back. With this language, the money could only be spent on juveniles.

Sincerely:

Travis Finck
