Section 1 of SB 2334 will remove the sunset for a sales tax exemption for the sales used to construct a fertilizer or chemical processing facility in this state.

Section 3 of SB 2334 will create a new local revenue loss reimbursement fund. The state treasurer shall distribute to a county or city an amount equal to 1% of the estimated value of a tangible property used in the construction of new

infrastructure if the county or city is levying a local sales tax, the estimated total cost for the new infrastructure is at least \$500 million dollars, the new infrastructure is within the county or city limits, and the new infrastructure is exempt from sales tax under 57-39.2 of the North Dakota Century Code or use tax under chapter 57-40.2. If the new infrastructure is within city limits, only a city is eligible to receive a distribution. The allocation of revenue is defined under Section 2 of SB 2334.

*For information shown under state fiscal effect in 1 or 2, please explain the revenue amounts. Provide detail, when appropriate, for each revenue type and fund affected and any amounts included in the executive budget.*

Section 1 of SB 2334 will create a reduction in revenue to both the general fund and the state aid fund on any eligible exemption claims. To date, the Office of State Tax Commissioner has not received any requests for a sales tax exemption for sales used to construct a fertilizer or chemical processing facility in this state. It is unknown whether future claims will be made for this exemption. Due to this fact, the Office of State Tax Commissioner is unable to provide a reliable estimate for the revenue reduction amount.

Section 3 of SB 2334 will create a reduction in revenue to the general fund. The amount of the reduction is primarily based on the estimated value of tangible property used in the construction of new infrastructure. It is unknown whether if future development will meet the criteria listed in section 3 of SB 2334. Due to this fact, the Office of State Tax Commissioner is unable to provide a reliable estimate for the revenue reduction amount.
