RE: Testimony to Senate Finance and Taxation Committee on SB 2275 – Support for the removal of the \$400 million SIIF bucket

Chairman Kannianen and members of the committee,

I am Ryan Riesinger, President of the Airport Association of North Dakota (AAND) and Executive Director of the Grand Forks Regional Airport Authority (GFK). I want to thank you for the opportunity to testify today. AAND is the professional organization for North Dakota Airports and it serves to promote airports and aviation across the state. GFK consistently ranks as one of the busiest airports in the country and is the proud home of the University of North Dakota (UND) John D. Odegard School of Aerospace Sciences. I am here today on behalf of AAND and GFK to express support of SB 2275.

During the 2019 Legislative Session, the North Dakota legislature passed “Operation Prairie Dog” to support infrastructure development throughout the state. This 2019 appropriations bill included allocations to “Municipal/County & Township Infrastructure Funds” for the non-oil producing areas of the state, and \$20 million for a new “Airport Infrastructure Fund”. These infrastructure funds were placed at the bottom of a series of “buckets” that are filled by streams from both the Oil & Gas Production Tax and the Oil Extraction tax. However, a \$400 million bucket for the “Strategic Investments and Improvements Fund” (SIIF Fund), was

placed in front of the infrastructure fund buckets. This \$400 million bucket was never proposed as part of the original Prairie Dog program. Due to a substantial downturn in oil prices and production the infrastructure fund buckets failed to fill during the 2019-2021 biennium.

At the end of the 2021 legislative session, it was forecasted that the infrastructure fund buckets would not fill during the 2021-2023 biennium. This meant that cities, counties, townships, and airports were unable to rely on this funding source as they planned and prepared for projects within the current biennium. Reliable State and local funding for transportation projects is critical in order for leaders to plan ahead, create shovel ready projects, and maximize federal grant funding. It is also important to ensure that high priority projects can move forward as efficiently as possible throughout the planning, environmental, design, bidding, and construction stages.

The \$400 million SIIF Fund started to fill in May 2022. Without that fund, the other infrastructure funds would have started to fill in May 2022 and would have all been filled before the end of summer 2022. The \$400 million SIIF Fund is simply cash accumulated by the State. It is not programmed for any use until the next legislative session determines how to allocate it. In the meantime, the infrastructure planning for cities, counties, townships, and airports waits for another season to begin projects – exposing them to inflation risks and delaying important infrastructure planning and projects throughout the state.

As our airports plan for future development and growth the funding needs are projected to be significant. Over \$1 billion in projects have been identified over the next 10 years at airports in North Dakota, and the amount for 2023-2027 alone is \$684 million (please see attachment). Our airports work cooperatively with the Federal Aviation Administration (FAA) to maximize federal grant participation, but additional investment from the State and local airport

sponsors will be required to meet these forecasts. Removing the \$400 million SIIF bucket will make the infrastructure buckets for the cities, counties, townships, and airports more reliable for future planning and development.

In closing, AAND and GFK are strongly supportive of SB 2275. We respectfully request that the committee provide a do pass on the bill. I thank you for the opportunity to provide testimony today and will take any questions the committee may have for me.

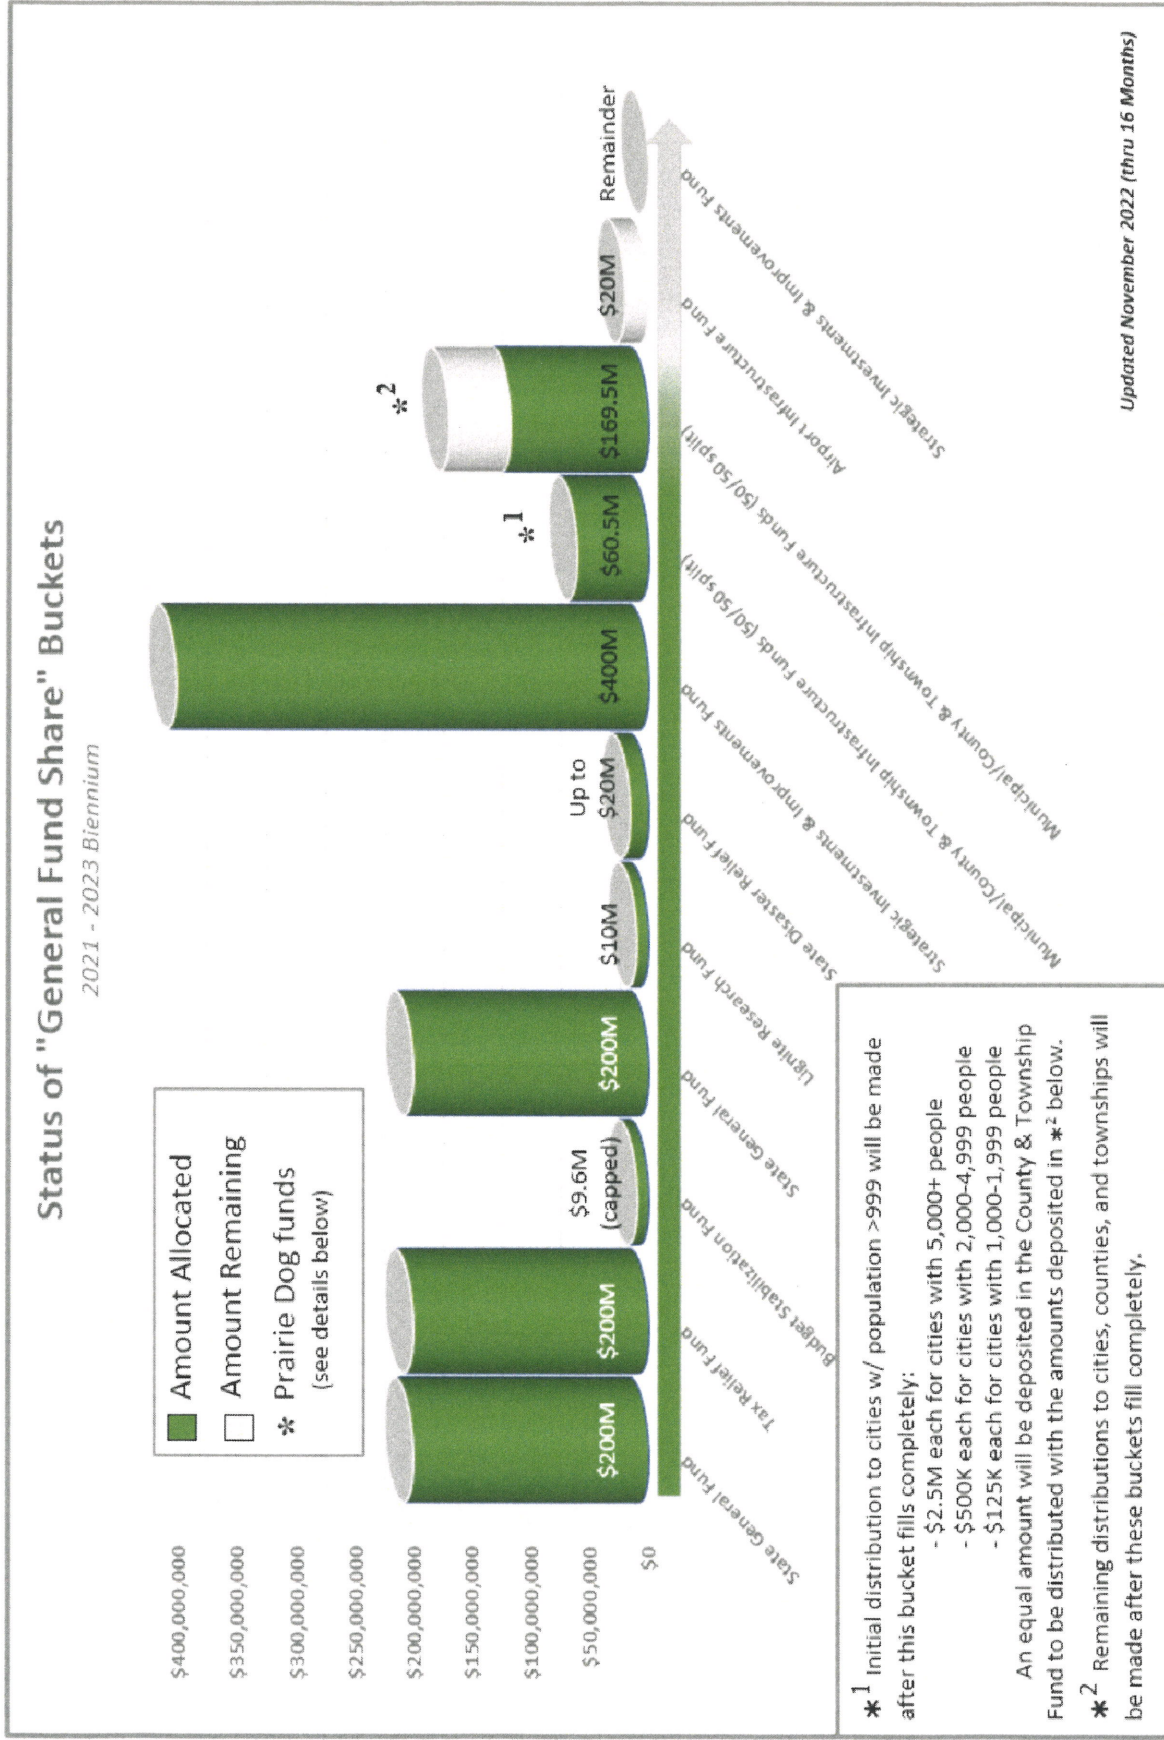

Respectfully,

A handwritten signature in black ink, appearing to read 'Ryan R.', written in a cursive style.

Ryan Riesinger
President, Airport Association of North Dakota
Executive Director, Grand Forks Regional Airport Authority
