In either case, the board may charge an additional administrative fee to be fixed by the board at the time of consideration of the reinstatement, not to exceed four hundred dollars.
6. In addition to the payment of fees, the board, after an investigation, may require a chiropractor whose license has not been renewed to submit to a re-examination as to the applicant's qualifications to practice chiropractic before the applicant is reinstated, if the board in the exercise of the board's discretion finds and determines the best interests of the public and the applicant will be served thereby.

A certified copy of the board order in the other jurisdiction is conclusive evidence.

   m. Has practiced chiropractic while the license to practice was suspended or revoked.

2. Any person, health care facility, business, or organization is immune from civil liability or criminal prosecution for submitting a signed written statement and other reports and information to the board under subsection 5 or for otherwise reporting to the board violations or alleged violations under this chapter. The reports are not public records.

3. Members of the board and persons employed by the board or engaged in the investigation or prosecution of violations and in the preparation and management of charges of violations of this chapter on behalf of the board, including members of any peer review committee, are immune from civil liability and criminal prosecution for any actions, transactions, or publications in the execution of, or relating to, their duties under this chapter.

4. A doctor of chiropractic who is the subject of an investigation by, or on behalf of, the board shall cooperate fully with the investigation. Cooperation includes responding fully and promptly to any question raised by, or on behalf of, the board relating to the subject of the investigation and providing copies of patient records or any pertinent information requested by the board, to assist the board in the board's investigation.

5. Any person, including a member of the board, may file a signed written statement and other reports and information with any member of the board against a licensed chiropractor charging the chiropractor with any of the offenses or conditions set forth in subsection 1. The statement must set forth a specification of the charges. When the statement has been filed, the board shall make an investigation as provided by subsection 6.

6. When the statement and other reports and information have been filed, the board shall notify the licensed chiropractor of the allegations and thereafter shall investigate to determine whether the allegations in the statement constitute a basis for further proceedings. The investigation must be conducted in such manner and at such time and place as in the judgment of the board will best ascertain the facts. The board may appoint a peer review committee. The board, in order to pursue the investigation, may subpoena and examine witnesses and records, including patient records, and copy, photograph, or take samples. The board may require the licensed chiropractor to give statements under oath, to submit to a physical or mental examination, or both, by a physician or physicians and other qualified evaluation professionals selected by the board if it appears to be in the best interests of the public that this evaluation be secured. The board may examine and review any relevant medical or psychological records, including test results and x-rays relative to the examination or treatment of the licensed chiropractor. A written request from the board constitutes authorization to release information. The medical or psychological information is not public record.

7. If, based on the investigation or report from a peer review committee, the board has reasonable cause to believe there is a basis for further proceedings, the board shall prepare a complaint and serve the complaint, along with a notice of hearing, on the licensed chiropractor and thereafter proceed with a hearing on the matter under chapter 28-32. All hearings must be held in Bismarck unless the board and the licensed chiropractor agree otherwise.

8. After the hearing, the board, under section 28-32-39, shall make and give notice of the board's determination or decision as to whether the offenses charged have been committed or the conditions charged do not exist. 9. In cases of revocation, suspension, or probation, the board shall record the facts of the case and all actions of the board.

10. On the expiration of a term of suspension, the licensee must be reinstated by the board if the chiropractor applies to the board and furnishes evidence, satisfactory to the board, that the licensee is then of good character and conduct or restored to good health and the licensee has not practiced chiropractic during the term of suspension and is competent to practice in this state. If the evidence fails to establish those facts to the satisfaction of the board, the board may require the applicant to submit to an examination in accordance with this chapter or shall proceed to hearing on revocation with notice as provided in subsection 7.

11. Any licensed chiropractor may take corrective action or voluntarily relinquish the chiropractor's license to the board before a formal order of the board on such terms and conditions as may be agreed by the licensed chiropractor and the board.

Certified chiropractic clinical assistants may not participate in clinical decisionmaking, render manipulative chiropractic care, create or change the course of a chiropractic treatment plan, or represent themselves as independent health care providers. A certified chiropractic clinical assistant may not perform medical imaging unless also licensed under chapter 43-62.

8. The board may deny certification of an applicant, or may revoke, suspend, or take other appropriate disciplinary or corrective action regarding the certification of any certified chiropractic clinical assistant who:

A licensed chiropractor may practice under the same standards as other health practitioners in any public or private hospital or other institution in this state, when requested so to do by any patient or the guardian of any patient.

43-06-17.1. Temporary suspension - Appeal.
1. If based on verified evidence the board determines by a clear and convincing standard that the evidence presented to the board indicates that the continued practice by the chiropractor would create significant risk of serious and ongoing harm to the public while a disciplinary proceeding is pending, and that immediate suspension of the chiropractor's license is required to reasonably protect the public from the risk of harm, the board may order a temporary suspension ex parte. For purposes of this section, "verified evidence" means testimony taken under oath and based on personal knowledge. The board shall give prompt written notice of the suspension of the chiropractor, which must include a copy of the order and complaint, the date set for a full hearing, and, upon request, a specific description of the nature of the evidence, including a list of all known witnesses and a specific description of any documents relied upon by the board in ordering the temporary suspension must be made available to the chiropractor.

2. An ex parte suspension remains in effect until a final order is issued after a full hearing or appeal under this section or until the suspension is otherwise terminated by the board.

3. The board shall conduct a hearing on the merits of the allegations to determine what disciplinary action, if any, will be taken against the chiropractor who is the subject of the ex parte suspension. That hearing must be held not later than thirty days from the issuance of the ex parte temporary suspension order. The chiropractor is entitled to a continuance of the thirty-day period upon request for a period determined by the hearing officer.

4. The chiropractor may appeal the ex parte temporary suspension order before the full hearing. For purposes of appeal, the district court shall decide whether the board acted reasonably or arbitrarily. The court shall give priority to the appeal for prompt disposition.
