3. At least thirty days before the commission issues or renews a license to conduct races, the applicant shall deliver a complete copy of the application to the local jurisdiction governing body. The application to the commission must include a certificate verified by a representative of the applicant, indicating delivery of the application copy to the governing body. If the governing body of the local jurisdiction adopts a resolution disapproving the application for license or renewal and so informs the executive director within thirty days of receiving a copy of the application, the license to conduct races may not be issued or renewed.

**53-06.2-08. License authorization and fees.**

1. Each license issued under the certificate system must describe the place, track, or racecourse at which the licensee may hold races. Every license must specify the number of days the licensed races may continue, the hours during which racing may be conducted, and the number of races that may be held each day. Races authorized under this chapter may be held during the hours approved by the commission and within the hours permitted by state law.
2. The commission may charge a license fee for racing commensurate with the size and attendance of the race meet.
3. Each applicant for a license under this chapter shall give bond or a letter of credit payable to this state with good security as approved by the commission. 4. The commission may grant licenses to horse owners, jockeys, riders, agents, trainers, grooms, stable foremen, exercise workers, veterinarians, valets, concessionaires, service providers, employees of racing associations, and such other persons as determined by the commission. Licensure of service providers, totalizator companies, site operators, and organizations applying to conduct or conducting pari-mutuel wagering must be approved by the attorney general. 6. The commission shall deposit all fees collected under this section in the racing commission operating fund. Subject to legislative appropriation, the commission may spend the fees for operating costs of the commission.

**53-06.2-09. Allotment of racing days.**

If an applicant is eligible to receive a license under this chapter, the commission shall fix the racing days that are allotted to that applicant and issue a license for the holding of racing meets.

**53-06.2-10. Certificate system - Rules.**

The certificate system allows a licensee to receive money from any person present at a live horse race, simulcast horse race, or simulcast dog race who desires to bet on any entry in that race. A person betting on an entry to win acquires an interest in the total money bet on all entries in the race, in proportion to the amount of money bet by that person, under rules

adopted by the commission. The licensee shall receive the bets and for each bet shall issue a certificate to the bettor on which is at least shown the number of the race, the amount bet, and the number or name of the entry selected by the bettor. The commission may adopt rules for place, show, quinella, combination, or other types of betting usually connected with racing.

**53-06.2-10.1. Simulcast wagering.**

In addition to racing under the certificate system, as authorized by this chapter, and conducted upon the premises of a racetrack, simulcast pari-mutuel and account wagering may be conducted in accordance with this chapter or rules adopted by the commission under this chapter in accordance with chapter 28-32. Any organization qualified under section 53-06.2-06 to conduct racing may make written application to the commission for the conduct of simulcast pari-mutuel and account wagering on races held at licensed racetracks inside the state or racetracks outside the state, or both. Licensure of service providers, totalizator companies, site operators, or organizations applying to conduct or conducting simulcast or account wagering must be approved by the attorney general. The attorney general may not grant a license denied by the commission. Notwithstanding any other provision of this chapter, the commission may authorize any licensee to participate in interstate or international combined wagering pools with one or more other racing jurisdictions. Anytime that a licensee participates in an interstate or international combined pool, the licensee, as prescribed by the commission, may adopt the take-out of the host jurisdiction or facility. The commission may permit a licensee to use one or more of its races or simulcast programs for an interstate or international combined wagering pool at locations outside its jurisdiction and may allow pari-mutuel pools in other states to be combined with pari-mutuel pools in its jurisdiction for the purpose of establishing an interstate or international combined wagering pool. The participation by a licensee in a combined interstate or international wagering pool does not cause that licensee to be considered to be doing business in any jurisdiction other than the jurisdiction in which the licensee is physically located. Pari-mutuel taxes or commissions may not be imposed on any amounts wagered in an interstate or international combined wagering pool other than amounts wagered within this jurisdiction. The certificate system also permits pari-mutuel wagering to be conducted through account wagering. As used in this section, "account wagering" means a form of pari-mutuel wagering in which an individual deposits money in an account and uses the account balance to pay for pari-mutuel wagers. An account wager made on an account established in this state may only be made through the licensed simulcast service provider approved by the attorney general and authorized by the commission to operate the simulcast pari-mutuel wagering system under the certificate system. The attorney general may not grant a license denied by the commission. An account wager may be made in person, by direct telephone communication, or through other electronic communication in accordance with rules adopted by the commission. Breakage for interstate or international combined wagering pools must be calculated in accordance with the statutes or rules of the host jurisdiction and must be distributed among the participating jurisdictions in a manner agreed to among the jurisdictions.

**53-06.2-11. Bet payoff formulas - Uses by licensee of funds in excess of expenses - Payment to general fund.**

1. For wagering on live horse racing:

carry out the purposes of those funds under this chapter and must be administered and disbursed in accordance with rules adopted by the commission. The commission may not transfer money among the funds. The commission shall distribute in-state awards and payment supplements from the breeders' fund in the same calendar year the money was earned by the recipient. The commission shall distribute out-of-state awards and payment supplements from the breeders' fund, if made available by the commission, within two months of the end of the calendar year the money was earned by the recipient. The commission shall distribute payments awarded to qualified owners and breeders from the breeders' fund without requiring owners and breeders to apply for the payments. The commission may receive twenty-five thousand dollars per year or twenty-five percent per year, whichever is greater, from the racing promotion fund for the payment of the commission's operating expenses.

If the license is revoked, the licensee is not eligible to receive another license within twelve months from the date of revocation. Every decision or order of the commission must be made in writing and filed with the executive director for preservation as a permanent record of the commission. The decision must be signed by the chairman, attested by the executive director, and dated.
