2. "Existing corporation" means a corporation that filed a North Dakota income tax return for any year after taxable year 1979 or was a successor to or unitary with a corporation that filed a North Dakota income tax return for any year after taxable year 1979.
3. "Foreign dividends" means any dividend received by a member of the water's edge group from any affiliated corporation incorporated outside the fifty states and District of Columbia, including amounts included in income computed under sections 951 through 954 of the Internal Revenue Code.

For purposes of determining eligibility for inclusion in a federal consolidated return under this subsection, the eighty percent stock ownership requirements of section 1504 of the Internal Revenue Code shall be reduced to ownership of over fifty percent of the voting stock directly or indirectly owned or controlled by an includable corporation.
5. "New corporation" means a corporation that has not filed an income tax return in North Dakota for any year after the tax year 1979. 57-38.4-02. Water's edge election.

A corporation required to file a worldwide unitary combined report must do so unless it elects to apportion its income using the water's edge method.

1. A corporation electing to file using the water's edge method must comply with the following:
 - a. The election must be made on the return as originally and timely filed.
 - b. The water's edge election is binding for five consecutive taxable years after making the election.
2. All corporations electing the water's edge method must include the income and apportionment factors of the water's edge group. Foreign dividends and income from 80/20 corporations must be included as follows:
 - a. An existing corporation must include fifty percent of foreign dividends and sixty percent of income from 80/20 corporations. However, an existing corporation that increases and maintains a threshold activity by twenty-five percent or more, but not by business reorganization or acquisition, is only required to include thirty percent of foreign dividends and thirty percent of income from 80/20 corporations.
 - b. A new corporation must include thirty percent of foreign dividends and thirty percent of income from 80/20 corporations.
 - c. For taxable years beginning after December 31, 1994, all corporations making the water's edge election may reduce the inclusion to include thirty percent of foreign dividends and thirty percent of income from 80/20 corporations.
3. In addition to the tax imposed under subsection 1 of section 57-38-30, there is imposed an additional tax of three and one-half percent of taxable income which must be levied, collected, and paid annually in the same manner as provided in chapter 57-38.

57-38.4-03. Conditions imposed by tax commissioner.

The tax commissioner may impose necessary conditions other than the imposition of worldwide combination to prevent tax avoidance or to clearly reflect income in accordance with chapter 57-38.1.

A taxpayer and its affiliates are presumed to be a part of a unitary business and all income of that business is presumed to be apportionable business income except as otherwise provided in this chapter.
