Minutes:

REP, AL CARLSON, CHAIRMAN Opened the hearing with one committee member absent.

JOE BECKER, STAFF OF STATE TAX COMMISSIONER, Explained the bill, see attached written testimony.

**REP. LLOYD** Asked why the figure of \$500 was used and why they didn't go to a \$1000 figure.

JOE BECKER Stated there was no deep analysis done. He said they did not want to make it too high. If the committee feels the figure is too high, they could change it.

REP. CARLSON Asked if there was any trouble collecting the money.

**JOE BECKER** Stated, with respect to the \$250 rule, it has not been a problem.

**REP. HERBEL** Asked if there was any indication of what type of cost reduction there would be.

Page 2 House Finance and Taxation Committee Bill/Resolution Number HB 1072 Hearing Date January 10, 2001

JOE BECKER Stated they did not have an analysis of the cost reduction at this point. The potential is 2400, not everyone will take advantage of this. Even in the \$250 range, not all of them are annual filers. They like the convenience of paying quarterly instead of getting a bill at the end of the year. We give them the option. The \$250 range was asked for by a small business in the Bismarck area, because they got tired of filing the paper four times a year. With no further testimony, the hearing was closed.

#### COMMITTEE ACTION 1-10-01 Tape 1, Side A, Meter 2074

In discussion, the question was asked, why not add the figure of \$1000, they felt it was a good idea to give them the option of quarterly or annual payments.

**REP. RENNERFELDT** Made a motion to change the figures from \$250 to \$1000.

**REP. LLOYD** Second the motion.

**REP, KROEBER** Asked about the companion bill which would be introduced **JOE BECKER** Stated the companion bill will raise the payments from \$200 to \$500, he didn't think the department would have a problem with raising this figure as well, but stated he would have to check with them. The bills do not need to tie together.

DONNITA WALD, ATTORNEY WITH THE TAX DEPARTMENT Responded regarding the estimated tax payment increasing to \$1000, she felt it would be kicking a lot of people out of that requirement, so you have a cash flow in interest. There would be interest income lost because there would be a lot less people filing.

**REP. DROVDAL** Stated he had a concern in raising the figure up to \$1000 for the small businesses. He felt the collection problem would be greater.

# Testimony before the House Finance and Tax Committee House Bill 1072

January 10, 2001

Prepared by Joseph Becker, Auditor III North Dakota Office of State Tax Commissioner

Mr. Chairman, members of the House Finance and Tax Committee:

My name is Joseph Becker, and I'm here representing the North Dakota Office of State

Tax Commissioner. House Bill 1072 pertains to an employer's requirement to file an income tax withholding return.

In general, an employer who is required to withhold North Dakota income tax from the wages of an employee must file a withholding return on a quarterly basis, and the tax withhold during the quarter must be remitted with the return. There is an exception to this general rule—in 1995, legislation was passed that allows an employer to file an annual withholding return instead of a quarterly return if the amount of tax withheld from all employees during the previous year is less than \$250. If eligible to file on an annual basis, an employer has the option to file annually or quarterly.

This bill proposes to raise the annual filing threshold from \$250 to \$500. The Tax Commissioner is proposing this change for several reasons: (1) it will reduce paper, postage, and processing costs; (2) it will make the annual filing option available to more small business owners; and (3) the \$500 threshold is equal to the new threshold for estimated individual income tax payments that the Tax Commissioner is requesting in a separate bill—see House Bill 1078.

The Tax Commissioner requests your favorable consideration of this bill. If the committee has any questions, Mr. Chairman, I'd be happy to address them at this time.

# Testimony before the Senate Finance and Tax Committee House Bill 1072

February 28, 2001

Presented by Jill Weigel, Individual Income Tax Supervisor North Dakota Office of State Tax Commissioner

Mr. Chairman, members of the Senate Finance and Tax Committee:

My name is Jill Weigel, and I'm here representing the North Dakota Office of State Tax Commissioner. House Bill 1072 pertains to an employer's requirement to file an income tax withholding return.

In general, an employer who is required to withhold North Dakota income tax from the wages of an employee must file a withholding return on a quarterly basis, and the tax withheld during the quarter must be remitted with the return. There is an exception to this general rule—in 1995, legislation was passed that allows an employer to file an annual withholding return instead of a quarterly return if the amount of tax withheld from all employees during the previous year is less than \$250. If eligible to file on an annual basis, an employer has the option to file annually or quarterly.

This bill proposes to raise the annual filing threshold from \$250 to \$500. The Tax Commissioner is proposing this change for several reasons: (1) it will reduce paper, postage, and processing costs; (2) it will make the annual filing option available to more small business owners; and (3) the \$500 threshold is equal to the new threshold for estimated individual income tax payments that the Tax Commissioner is requesting in a separate bill—see House Bill 1078.

The Tax Commissioner requests your favorable consideration of this bill. If the committee has any questions, Mr. Chairman, I'd be happy to address them at this time.
