Minutes:

The hearing on SB 2138 was opened.

DAVID GLATT, Director of the Division of Waste Management with the ND Department of Health, explained and supports the bill. (Written testimony) SENATOR LEE: Will there be other plastics included now. MR. GLATT: We can't guarantee that but multiple layer bottles can be recycled. SENATOR MATHERN: Would there be another option? There may be items that would not qualify. MR. GLATT: Referencing other states and national organizations is what we intend to do. Reality is that ND is such a small market we don't dictate how big companies label their bottles. Our intent is to not hinder recycling but to give it every chance to succeed in the state of ND. SENATOR LEE: How many places recycle? MR. GLATT: The major cities recycle. SENATOR MATHERN: What would be the problem instead of repealing it amend it to conform to national standards. MR. GLATT: There are no national standards. Other states have laws that address similar situations that we have. There would not be anything

wrong, but I don't know which one that would be. SENATOR POLOVITZ: Have you checked with recycling companies and how they feel? MR. GLATT: Only companies that fill bottles are concerned.

Chairman Price, Vice Chairman Devlin, Rep. Dosch, Rep. Galvin, Rep. Klein, Rep. Pollert, Rep. Porter, Rep. Tieman, Rep. Weiler, Rep. Weisz, Rep. Cleary, Rep. Metcalf, Rep. Niemeier, Rep. Sandvig.

Chairman Price: Open hearing on SB 2138.

David Glatt: Director of the Division of Waste Management, North Dakota Department of Health. (See support of SB 2138 in written testimony.) Due to the progressive and rapidly changing nature of the plastic container manufacturing and recycling markets, Chapter 23-32 has been unable to keep pace with changes in the industry.

Chairman Price: Was it the Senate's idea to not go with the original bill and entirely repeal it, or did you come in on the Senate side and say we need to keep part of the code?

Hearing Date February 13, 2001

David Glatt: Originally we asked for the repealing of the entire law. Senator Mathern requested that in case some time in the future we wanted to have some laws related to recycling, he wanted to have an amendment in there so we wouldn't have to come back and ask for that authority.

Vice Chairman Devlin: Did you support this?

David Glatt: Originally we supported repealing the entire law. The amendment that was brought up to us we had no objection to it at all. The concern we have is that we don't have the manpower to police this.

Rep. Galvin: I will move a DO PASS as amended.

Rep. Klein: Second.

Chairman Price: Discussion? The clerk will call the roll on a DO PASS on SB 2138.
