Minutes:

The hearing was opened on SB 2168.

DAVID ZENTNER, Director of Medical Services, Dept of Human Services, introduced bill and the dept. supports it. (Written testimony)

SUSAN ANDERSON, ND Insurance Dept., supports bill. This just clarifies the Dept does not pay any tax on premium. SENATOR KILZER: How much would the tax have been?

SUSAN ANDERSON: I don't have the figures with me but they would have to pay 1 ½ % of premium paid. About 4 Million for premium times 1.75.

DAN ULMER, Blue Cross Blue Shield. The answer is somewhere around \$5,000. They support the bill.

The hearing was closed on SB 2168.

Chairman Price: Opened the hearing on SB 2168.

Rod St. Aubyn: Department of Human Services. On this particular bill it is a problem we ran into with CHIPS insurance policy. Blue Cross Blue Shield has been hired by the department to administer the CHIPS program. We found out is that the state needs to pay premium tax, basically on CHIPS. Which didn't make a lot of sense. Here it is a state agency and they are having to pay tax for there own program. The Insurance Department retreated a little bit, and they said maybe they were wrong in their determination, so they were exempting the CHIPS from paying a premium tax. This is more for clarification so that the Insurance Department

doesn't disagree with us at this point. I think the Department of Human Services would prefer to have this in statute so that is clear that later on it is not questioned.

Chairman Price: Haven't we been down this road before. Was it on CHAND, or on the aids premium?

Rod St. Aubyn: I don't know, but Sue from the department may be able to expand on this.

Dave Zentner: Director of Medical Services for the Department of Human Services. (See support in written testimony.) While this issue apparently has been resolved at this time, the department has offered a change that will clarify that premium or policy fee payments made by the department on behalf of eligible recipients will not be subject to the insurance premium tax. The proposed working change will make it clear that such payments are indeed exempt from the tax. The department supports this bill and recommends a DO PASS.

Chairman Price: What about the premiums we are paying for Aids patients?

Dave Zentner: We do, but we're paying the actual premium for a group policy or a single policy. It is not being paid on our behalf, we're making the payment for the particular insurance group.

Susan Anderson: Legal Counsel for the North Dakota Insurance Department. I am here today in support of SB 2168. This bill was put in two sessions ago. The situation has arisen that we had to take another look at the statute for clarification purposes. We think that the suggested working here does clarify any problem that we did have and so we support the Bill.

Chairman Price: Closed SB 2168.

COMMITTEE WORK:

CHAIRMAN PRICE: Discussion on SB 2168.

2001 TESTIMONY

SB 2168

**TESTIMONY BEFORE THE SENATE HUMAN SERVICES COMMITTEE
REGARDING SENATE BILL 2168
JANUARY 16, 2001**

Chairman Lee, members of the committee, I am David Zentner, Director of Medical Services for the Department of Human Services. I appear before you to provide information and support this bill.

The 1999 Legislative Assembly authorized the Department to implement a separate State Children's Health Insurance Program that required us to contract with an insurance carrier to provide services to eligible children. The Noridian Mutual Health Insurance Company was awarded to contract to provide those services.

At the time the contract was signed, it was assumed that current language contained in Section 50-06-19 of the North Dakota Century Code was sufficient to ensure that the premium payments made to Noridian would not be subject to the insurance premium tax.

After the program was implemented, there was some discussion between the Department of Human Services, Noridian and the State Insurance Commissioners Office as to whether the current language actually exempted these premium payments from the tax. Eventually, the Insurance Commissioners Office did conclude that the current language did indeed exempt these payments from the insurance premium tax.

While this issue apparently has been resolved at this time, the Department has offered a change that will clarify that premium or policy fees payments made by Department on behalf of eligible recipients will not be subject to the insurance premium tax.

The proposed wording change will make it clear that such payments are indeed exempt from the tax. The Department supports this bill and recommends a do pass.

I would be happy to answer any questions you may have.
