## BILL AND JOURNAL ROOM - PHOTOCOPY FEE POLICY

The bill and journal room is operated by Legislative Assembly employees. The employees collect photocopying fees and transmit those fees to the Legislative Council office.

Before the 2021 legislative session, the Bill and Journal Room was operated by a private contractor. The increased availability of documents online reduced the need for photocopies and staff devoted to the Bill and Journal Room.

### PHOTOCOPY POLICY

The following governs photocopying fees:

- The fee for photocopying service is 25 cents per page.
- Fees are not charged for photocopies of the following types of documents normally distributed to the public from the Bill and Journal Room:
  - Bills.
  - Engrossed bills.
  - House and Senate journals.
  - House and Senate calendars.
  - House and Senate committee hearing schedules.
- Fees are not charged for making photocopies for:
  - Legislators.
  - House and Senate employees.
  - Legislative Council employees.

### PHOTOCOPY HISTORY

Before the 2007 legislative session the contract for operation of the Bill and Journal Room required the contractor to provide a copier, and the contractor was allowed to retain the photocopying fees. During the 2005 legislative session the contract printer printed 325 copies of bills and resolutions and 750 copies of the daily journals. The contract printer has printed fewer copies of bills and resolutions and journals each legislative session, in reliance on Bill and Journal Room personnel printing copies as needed through a network-connected copier provided in the room. During the 2021 legislative session the contract printer, Central Duplicating Services Division, Office of Management and Budget, printed 35 copies of bills and resolutions and 45 copies of daily journals. Generally, the number of bills, resolutions, and journals printed by the contract printer or copied by the Bill and Journal Room employees has been reduced over the years as the information is readily available on the legislative branch website.

The total costs for rental printers during the 2011 and 2013 legislative sessions were reduced due to switching the rental to a small setup fee and a per-copy charge. During the 2013 legislative session, the cost of the copier rental in the Bill and Journal Room was \$5,655, and the income from the photocopying fee was \$476. During the 2015 legislative session, the contract was switched back to a copier rental arrangement. Copiers rented reflected more dependable machines and better quality. In 2021 the copier rental costs were \$16,100, the copy charges were \$10,098, and the income from the photocopying fee was \$48.
