The allowance must be documented on the face of the delivery invoice, and the supplier or distributor shall deduct the allowance from taxable gallons on the supplier's or distributor's tax return.
2. On a transfer of product to a supplier's or distributor's retail storage facility or pump, a credit may be allowed for a one-half of one percent shrinkage and tax collection allowance, provided:
 - a. The transfer is treated as a sale documented by a sales invoice.

- b. The per gallon tax is reported and paid on the monthly report for the month in which the product is transferred.
 - c. The product transferred is deducted from the supplier's or distributor's inventory as sold or used. The allowance must be documented on the face of the delivery invoice, and the supplier or distributor shall deduct the allowance from taxable gallons on the dealer's tax return.
3. On a sale of fuel made by a supplier or distributor to another supplier or distributor, or on a sale to a fuel user, including a person who uses fuel for agricultural purposes, the one-half of one percent shrinkage and tax collection allowance credit may not be taken on the supplier's or distributor's tax return.
