**REPORT OF STANDING COMMITTEE**

**HB 1272: Industry, Business and Labor Committee (Rep. Lefor, Chairman)** recommends **DO PASS** (11 YEAS, 3 NAYS, 0 ABSENT AND NOT VOTING). HB 1272 was placed on the Eleventh order on the calendar.

HB 1272 North Dakota firearm freedom act.

Thank you Mr. chairman and members of the business and labor committee.

I am representative Luke Simons from District 36 which is a large district on the western side of the state.

HB 1272 is a states rights bill, one that nine other states including Alaska, Arizona, Idaho, Montana, Kansas, Tennessee, South Dakota, Utah and Wyoming all have. They have had this in their century code for years. Three other states that I know of are looking at the exact same or very similar bill this year and you may have seen it on Fox news last week Tuesday.

The bill is straight to the point which is states rights.

-Colorado okayed marijuana which was an illegal scheduled drug with the federal government, but Colorado said in the state of Colorado it is OK, the federal government has not questioned the states authority to Break federal law.

I might add that if you partake of marijuana in Colorado though that is not against the law, now if you bring marijuana across the border into another state that now is against the law, and believe me all law-enforcement in other states are privy of this and keep their eye out for it.

-There are sanctuary cities all over America that allow illegal immigrants to be free and not harassed, although it is against federal law.

Same holds true, while these illegal immigrants are safe in the sanctuary cities, if they come out of those cities they are likely to be arrested.

North Dakota is simply stating by the passage of HB1272 that we are very pro gun and will not submit to any violations of the free people of North Dakota to own or manufacturer or sale of firearms accessory's and ammunition in the state of North Dakota.

Our new President of the United States has said that he will outlaw A.R. 15 's, which most North Dakotans know and love as their favorite varmint rifle, but he is also coming after ammunition accessories to guns and not just A.R. 15's, but all semi automatic rifles, not to mention magazines. This bill would be securing our rights as North Dakotans in the second amendment of the bill of rights and North Dakota constitution section 5.

I will stand for all questions.

If you have any questions whatsoever please feel free to give me a call or just talk to me. North Dakota needs this bill.

Thank you Mr. Chairman and members of the committee.

Rep. Luke R Simons ND

## Biden says if elected in 2020 he will push to ban assault weapons

By Katie Sullivan, CNN

Updated 4:18 PM EDT May 14, 2019

(CNN) — Joe Biden said he will push to ban assault weapons if elected president in 2020 — a pledge that comes as the nation debates how to curb gun violence following two deadly mass shootings that killed more

X

## THE BIDEN PLAN TO END OUR GUN VIOLENCE EPIDEMIC

Joe Biden knows that gun violence is a public health epidemic. Almost 40,000 people die as a result of firearm injuries every year in the United States, and many more are wounded. Some of these deaths and injuries are the result of mass shootings that make national headlines. Others are the result of daily acts of gun violence or suicides that may not make national headlines, but are just as devastating to the families and communities left behind.

Joe Biden has taken on the National Rifle Association (NRA) on the national stage and won — twice. In 1993, he shepherded through Congress the Brady Handgun Violence Prevention Act, which

*"A well-regulated Militia, being necessary to the security of a free State, the right of the people to keep and bear Arms, shall not be infringed."*

### *North Dakota Article 1 Declaration of Rights Section 1*

*All individuals are by nature equally free and independent and have certain inalienable rights, among which are those of enjoying and defending life and liberty; acquiring, possessing and protecting property and reputation; pursuing and obtaining safety and happiness; and to keep and bear arms for the defense of their person, family, property, and the state, and for lawful hunting, recreational, and other lawful purposes, which shall not be infringed.*

This email is in response to your request for information relating to other states that have enacted a bill similar to House Bill No. 1272 (2021), any problems associated with those statutes, and the statutes enacted in Idaho and Wyoming.

According to a June, 2016 article entitled *North to the Future of the Right to Bear Arms: Analyzing the Alaska Firearms Freedom Act and Applying Firearm Localism to Alaska*, from the Alaska Law Review, at least 9 states have enacted some type of firearm freedom act in an attempt to nullify the federal government's ability to regulate personal firearms, firearm accessories, and ammunition that are manufactured entirely in a state and remain in that state. (33 Alaska L.Rev. 125).

Although Alaska, Arizona, Idaho, Montana, Kansas, Tennessee, South Dakota, Utah, and Wyoming have enacted some version of a Firearms Protection Act, both Kansas and Montana have had the validity of their statutes challenged in federal court.

While the Kansas case was dismissed for lack of standing, the Ninth Circuit Court of Appeals upheld the dismissal of the case in Montana (*Montana Shooting Sports Association v. Holder*, 727 F.3d 975 (9th Cir. 2013)) finding that the action failed to state a claim because the Montana legislation was preempted by federal law and as such was invalid. *Montana Shooting Sports Association v. Holder* was appealed to the United States Supreme Court who denied additional review.

On March 12, 2010, the Governor of Wyoming passed the Firearms Freedom Act, which calls for disobedience to federal laws and regulations. Section 6-08-404 of the Wyoming Statutes Annotated provides "A personal firearm, a firearm accessory or ammunition that is manufactured commercially or privately in Wyoming and that remains exclusively within the borders of Wyoming is not subject to federal law, federal taxation or federal regulation, including registration, under the authority of the United States congress to regulate interstate commerce."

The Idaho statute is nearly identical to the language enacted in Alaska.

## HOUSE BILL NO. HB0095

Wyoming Firearms Freedom Act-2.

Sponsored by: Representative(s) Jaggi, Brechtel, Childers,  
Davison, Illoway, Madden, McKim, Pedersen,  
Quarberg, Shepperson and Teeters and  
Senator(s) Burns, Case, Cooper, Dockstader  
and Jennings

A BILL

for

1 AN ACT relating to the Wyoming Firearms Freedom Act;  
2 establishing a Wyoming Firearms Freedom Act; providing that  
3 specified firearms that are manufactured, sold, purchased,  
4 possessed and used exclusively within Wyoming shall be  
5 exempt from federal regulation, including registration  
6 requirements; providing exceptions; creating offenses;  
7 providing penalties; authorizing the attorney general to  
8 defend specified actions; providing legislative findings  
9 and declarations of authority; and providing for an  
10 effective date.

11

12 *Be It Enacted by the Legislature of the State of Wyoming:*

13

14 **Section 1.** W.S. 6-8-402 through 6-8-406 are created  
15 to read:

1

2       6-8-402. Short title; applicability.

3

4       (a) This act shall be known and may be cited as the  
5 "Wyoming Firearms Freedom Act".

6

7       (b) This act shall apply to firearms, firearm  
8 accessories and ammunition that are manufactured in  
9 Wyoming.

10

11       6-8-403. Definitions.

12

13       (a) As used in this act:

14

15           (i) "Borders of Wyoming" means the boundaries of  
16 Wyoming as described in Section 2 of the Act of Admission  
17 of the state of Wyoming, 26 United States Statutes at  
18 Large, 222, chapter 664;

19

20           (ii) "Firearm" means any weapon which will or is  
21 designed to expel a projectile by the action of an  
22 explosive;

23

1           (iii) "Firearms accessories" means items that  
2 are used in conjunction with or mounted upon a firearm but  
3 are not essential to the basic function of a firearm,  
4 including, but not limited to, telescopic or laser sights,  
5 magazines, flash or sound suppressors, folding or  
6 aftermarket stocks and grips, speedloaders, ammunition  
7 carriers, optics for target identification and lights for  
8 target illumination;

9  
10           (iv) "Generic and insignificant parts" includes,  
11 but is not limited to, springs, screws, nuts and pins;

12  
13           (v) "Manufactured" means that a firearm, a  
14 firearm accessory or ammunition has been created from basic  
15 materials for functional usefulness, including, but not  
16 limited to forging, casting, machining, molding or other  
17 processes for working materials;

18  
19           (vi) "This act" means W.S. 6-8-401 through  
20 6-8-406.

21  
22           6-8-404. Regulation by state of firearms, firearms  
23 accessories and ammunition manufactured in Wyoming;  
24 exceptions.

1  
2       (a) A personal firearm, a firearm accessory or  
3 ammunition that is manufactured commercially or privately  
4 in Wyoming and that remains exclusively within the borders  
5 of Wyoming is not subject to federal law, federal taxation  
6 or federal regulation, including registration, under the  
7 authority of the United States congress to regulate  
8 interstate commerce. It is declared by the Wyoming  
9 legislature that those items have not traveled in  
10 interstate commerce. This section applies to a firearm, a  
11 firearm accessory or ammunition that is manufactured in  
12 Wyoming from basic materials and that can be manufactured  
13 without the inclusion of any significant parts imported  
14 from another state or foreign country. Generic and  
15 insignificant parts that have other manufacturing or  
16 consumer product applications are not firearms, firearms  
17 accessories or ammunition, and their importation into  
18 Wyoming and incorporation into a firearm, firearm accessory  
19 or ammunition manufactured in Wyoming does not subject the  
20 firearm, firearm accessory or ammunition to federal  
21 regulation. It is declared by the Wyoming legislature that  
22 basic industrial materials, such as, but not limited to,  
23 polymers, unmachined metal, ferrous or nonferrous, bar  
24 stock, ingots or forgings and unshaped wood, are not

1 firearms, firearms accessories or ammunition and are not  
2 subject to congressional authority to regulate firearms,  
3 firearms accessories and ammunition under interstate  
4 commerce as if they were actually firearms, firearms  
5 accessories or ammunition. The authority of the United  
6 States congress to regulate interstate commerce in basic  
7 materials does not include authority to regulate firearms,  
8 firearm accessories and ammunition made within Wyoming  
9 borders from those materials. Firearms accessories that  
10 are imported into Wyoming from another state and that are  
11 subject to federal regulation as being in interstate  
12 commerce do not subject a firearm to federal regulation  
13 under interstate commerce because the firearm accessory is  
14 attached to or used in conjunction with a firearm in  
15 Wyoming.

16 (b) A firearm manufactured or sold in Wyoming under  
17 this act shall have the words, "made in Wyoming" clearly  
18 stamped, inscribed or otherwise marked on a central part of  
19 the firearm, such as the receiver or frame.

20

21 **6-8-405. Offenses and penalties; defense of Wyoming**  
22 **citizens.**

23

1           (a) Any public servant of the state of Wyoming, as  
2 defined in W.S. 6-5-101, who enforces or attempts to  
3 enforce any act, order, law, statute, rule or regulation of  
4 the United States government relating to a personal  
5 firearm, firearm accessory or ammunition that is  
6 manufactured commercially or privately in Wyoming and that  
7 remains exclusively within the borders of Wyoming shall be  
8 guilty of a misdemeanor and, upon conviction, shall be  
9 subject to imprisonment for not more than one (1) year, a  
10 fine of not more than two thousand dollars (\$2,000.00), or  
11 both.

12

13           (b) Any official, agent or employee of the United  
14 States government who enforces or attempts to enforce any  
15 act, order, law, statute, rule or regulation of the United  
16 States government upon a personal firearm, a firearm  
17 accessory or ammunition that is manufactured commercially  
18 or privately in Wyoming and that remains exclusively within  
19 the borders of Wyoming shall be guilty of a felony and,  
20 upon conviction, shall be subject to imprisonment for not  
21 more than two (2) years, a fine of not more than ten  
22 thousand dollars (\$10,000.00), or both.

23

1           (c) The attorney general may defend a citizen of  
2 Wyoming who is prosecuted by the United States government  
3 for violation of a federal law relating to the manufacture,  
4 sale, transfer or possession of a firearm, a firearm  
5 accessory or ammunition manufactured and retained  
6 exclusively within the borders of Wyoming.

7

8           **6-8-406. Legislative findings and declaration of**  
9 **authority.**

10

11           (a) The legislature declares that the authority for  
12 W.S. 6-8-402 through 6-8-406 is the following:

13

14           (i) The tenth amendment to the United States  
15 constitution guarantees to the states and their people all  
16 powers not granted to the federal government elsewhere in  
17 the constitution and reserves to the state and the people  
18 of Wyoming certain powers as they were understood at the  
19 time that Wyoming was admitted to statehood in 1890. The  
20 guaranty of those powers is a matter of contract between  
21 the state and people of Wyoming and the several states  
22 comprising the United States as of the time the Act of  
23 Admission was agreed upon and adopted by Wyoming and the  
24 several states comprising the United States in 1889;

1

2           (ii) The ninth amendment to the United States  
3 constitution guarantees to the people rights not granted in  
4 the constitution and reserves to the people of Wyoming  
5 certain rights, as they were understood at the time Wyoming  
6 was admitted to statehood in 1890. The guaranty of those  
7 rights is a matter of contract between the state and people  
8 of Wyoming and the several states comprising the United  
9 States as of the time the Act of Admission was agreed upon  
10 and adopted by Wyoming and the United States in 1889;

11

12           (iii) The regulation of intrastate commerce is  
13 vested in the states under the ninth and tenth amendments  
14 to the United States constitution, particularly if not  
15 expressly preempted by federal law pursuant to article 1,  
16 section 8 of the United States constitution. The United  
17 States congress has not expressly preempted state  
18 regulation of intrastate commerce pertaining to the  
19 manufacture on an intrastate basis of firearms, firearms  
20 accessories and ammunition;

21

22           (iv) The second amendment to the United States  
23 constitution reserves to the people the right to keep and  
24 bear arms as that right was understood at the time the

1 original states ratified the bill of rights to the United  
2 States constitution, and the guaranty of the right is a  
3 matter of contract between the state and people of Wyoming  
4 and the United States as of the time the Act of Admission  
5 was agreed upon and adopted by Wyoming and the United  
6 States in 1889;

7  
8 (v) Article 1, section 24, of the Wyoming  
9 constitution secures the right of citizens the right to  
10 keep and bear arms and this right shall not be denied.  
11 This right predates the United States constitution and the  
12 Wyoming constitution and is unchanged from the 1890 Wyoming  
13 constitution, which was approved by congress and the people  
14 of Wyoming, and the right exists, as it was agreed upon and  
15 adopted by Wyoming and the United States in the Act of  
16 Admission;

17  
18 (vi) Article 1, section 1, of the Wyoming  
19 constitution provides that all power is inherent in the  
20 people, and all free governments are founded on their  
21 authority, and instituted for their peace, safety and  
22 happiness; for all the advancement of these ends they have  
23 at all times an inalienable and indefeasible right to

1 alter, reform or abolish the government in such manner as  
2 they may think proper;

3

4 (vii) Article 1, section 7, of the Wyoming  
5 constitution provides that absolute, arbitrary power over  
6 the lives, liberty and property of freemen exists nowhere  
7 in a republic, not even in the largest majority;

8

9 (viii) Article 1, sections 1 and 7, of the  
10 Wyoming constitution clearly provide that the people of the  
11 state have the sole and exclusive right of governing  
12 themselves as a free, sovereign and independent state, and  
13 do so and forever hereafter shall exercise and enjoy every  
14 power, jurisdiction and right, pertaining thereto, which is  
15 not, or may not hereafter be, by them expressly delegated  
16 to the United States of America;

17

18 (ix) The declaration of independence clearly  
19 provides that government derives its power directly from  
20 the consent of the governed and Wyoming affirms the  
21 language of the second paragraph of the declaration of  
22 independence which states "We hold these truths to be self-  
23 evident, that all men are created equal, that they are  
24 endowed by the Creator with certain inalienable Rights,

1 that among these are Life, Liberty and the pursuit of  
2 Happiness. That to secure these rights, Governments are  
3 instituted among Men, deriving their just powers from the  
4 consent of the governed...".

5

6 **Section 2.** W.S. 6-8-401 by creating a new subsection  
7 (a) and by amending and renumbering (a) as (c) is amended  
8 to read:

9

10 **6-8-401. Firearm, weapon and ammunition regulation**  
11 **and prohibition by state.**

12

13 (a) The Wyoming legislature finds that the right to  
14 keep and bear arms is a fundamental right that predates the  
15 United States constitution and the Wyoming constitution.  
16 The Wyoming legislature affirms this right as a  
17 constitutionally protected right in every part of Wyoming.

18

19 ~~(a)~~(c) The sale, transfer, purchase, delivery,  
20 taxation, manufacture, ownership, transportation, storage,  
21 use and possession of firearms, weapons and ammunition  
22 shall be authorized, regulated and prohibited by the state,  
23 and regulation thereof is preempted by the state. Except as  
24 authorized by W.S. 15-1-103(a)(xviii), no city, town, or

1 county, political subdivision or any other entity shall  
2 authorize, regulate or prohibit the sale, transfer,  
3 purchase, delivery, taxation, manufacture, ownership,  
4 transportation, storage, use, carrying or possession of  
5 firearms, weapons, and—accessories, components or  
6 ammunition except as specifically provided by this chapter.  
7 This section shall not affect zoning or other ordinances  
8 which encompass firearms businesses along with other  
9 businesses. Zoning and other ordinances which are designed  
10 for the purpose of restricting or prohibiting the sale,  
11 purchase, transfer or manufacture of firearms or ammunition  
12 as a method of regulating firearms or ammunition are in  
13 conflict with this section and are prohibited.

14

15 **Section 3.** W.S. 6-8-401(b) is repealed.

16

17 **Section 4.** This act is effective immediately upon  
18 completion of all acts necessary for a bill to become law  
19 as provided by Article 4, Section 8 of the Wyoming  
20 Constitution.

21

22 (END)

## HB 1272

The Biden administration has expressed the desire to expand the registration of firearms and accessories to include firearms his administration defines as “assault weapons” and “high-capacity magazines”. We should not have our rights change depending on who is in the presidency nor a policy memo of a federal agency like the ATF which consists of no one elected by the people. Too often gun owners need to modify, destroy, sell, or otherwise dispose of accessories to not become felons. The possession of items today, should not make you a criminal tomorrow.

The expansion of National Firearms Act will be the banning of items through the over taxation of them. It will create a tiered system with one set of items alright for the rich and elite, and another for the poor and middle class. A \$200 tax per magazine and weapon is using a tax to make items unaffordable for the majority of citizens without expressly banning them.

HB 1272 uses similar language of laws already passed in other states (Alaska, Arizona, Idaho, Montana, Kansas, Tennessee, South Dakota, Utah, and Wyoming). As such North Dakota can stand with our neighbors in determining what is appropriate for our citizens. We can preserve our freedoms, our culture, and our recreation from large population centers that do not share our views.

We have seen recently the federal agencies already do this with bump stocks successfully, as well as, unsuccessfully with pistol braces. These are things that should be reserved to our elected officials in our state legislator to determine. The successful passage of HB 1272 would help restore the powers of the states rights.

## HB 1396

The Protection of Lawful Commerce in Arms Act is being targeted for repeal and HB 1396 would enact a state protection for manufacturers within North Dakota.

# 3009

I support HB1272. The more free we are when it comes to the 2<sup>nd</sup> amendment the better. May God guide you and bless you all!

# Firearms Freedom Act Facts

## COMMERCE CLAUSE

The FFA is primarily a 10th Amendment challenge to the power of Washington to regulate everything under the guise of regulating commerce "among the several states."

## ORIGINAL MEANING

The power to regulate interstate commerce was delegated to the federal government in the Constitution. As understood at the time of the founding, the regulation of commerce was meant to empower Congress to regulate the buying and selling of products made by others (and sometimes land), associated finance and financial instruments, and navigation and other carriage, across state jurisdictional lines. This interstate regulation of "commerce" did not include agriculture, manufacturing, mining, malum in se crime, or land use. Nor did it include activities that merely "substantially affected" commerce.

## WIDER APPLICATION

Firearms are the vehicle for this challenge, but it has much wider potential implications. Should a state be allowed to build and maintain business and industry within its borders without intrusive interference from the federal government? Should a state be allowed to

make its own construction materials to build schools and homes? Should a state be able to grow and transport food to feed its citizens without permission from Washington? The founders said YES!

## THE CONSTITUTION

If, like any legal document, the words of the Constitution have the same meaning today as they did at the time of the founding, then it is essential to understand the original meaning of the words in the Constitution.

**UNITED STATES V. SPRAGUE**

**282 U.S. 716, 733 (1931)**

*"The Tenth Amendment was intended to confirm the understanding of the people at the time the Constitution was adopted, that powers not granted to the United States were reserved to the States or to the people. It added nothing to the instrument as originally ratified."*

FIREARMS FREEDOM ACT IS ALSO  
ENDORSED BY

SECOND AMENDMENT  
FOUNDATION

MONTANA SHOOTING  
SPORTS ASSOCIATION

GUN OWNERS OF AMERICA

#### THE RIGHT TO KEEP AND BEAR ARMS

The right to keep and bear arms is clearly a fundamental right the people have reserved to themselves. That right is compromised if access to firearms is only via a federally-controlled supply chain. The founders recognized this and prohibited the federal government from such restrictions in both the Commerce Clause and the 2nd Amendment.

#### THE TENTH AMENDMENT TO THE UNITED STATES CONSTITUTION

"The powers not delegated to the United States by the Constitution, nor prohibited by it to the States, are reserved to the States respectively, or to the people."

#### ABOUT TENTH AMENDMENT CENTER

Thank you for your interest in Tenth Amendment Center, featuring comprehensive research coverage of key sovereignty issues and topics, and daily Tenth Amendment news and analysis.

The Tenth Amendment Center works to preserve and protect Tenth Amendment freedoms through information and education. The center serves as a forum for the study and exploration of state and individual sovereignty issues, focusing primarily on the decentralization of Federal government power.

## FREEDOM ACT

#### 10TH AMENDMENT CTR

The Firearms Freedom Act (FFA) is a state law which declares that any firearms made and retained in-state are beyond the authority of Congress under its constitutional power to regulate commerce among the states.

**OPPOSE HB1272**

Good morning Chairman Larson and members of the Senate Judiciary Committee, my name is Jaci Hall and I am the Executive Director of the North Dakota Association for Justice. I am here today to urge a DO NOT PASS on HB1272.

HB1272 allows citizens of North Dakota to supersede federal interstate commerce laws when producing firearms. This legislation, if enacted, will provide a pathway for firearms built in the state not be subject to federal laws or regulation.

Proponents of this legislation say this is a 2<sup>nd</sup> Amendment right, that the right to bear arms is under attack. However, this bill will have undue consequences.

For example, it is unlawful for an individual convicted of domestic violence to possess a firearm. If that firearm can be proven to be put together in the state of North Dakota and remained in the state until the time of criminal charge, would HB1272 supersede the unlawful act? Would that individual be able to carry a firearm?

The United States Supreme Court has always interpreted interstate commerce very broadly. HB1272 seems to conflict with established case law and could create undue consequences.

HB1272 is unnecessary legislation created out of undue fear and concern for the what if? Our 2<sup>nd</sup> Amendment is not under attack. Please vote Do Not Pass on HB1272.

If you have any questions or would like additional information, I will be happy to answer any questions.

Thank you,

Jaclyn Hall  
North Dakota Association for Justice

To the Senate Judiciary Committee:

*Want to sell that 12 gauge to your hunting buddy? Pelosi and Biden want to hit you with a felony charge unless you first run a background check, adding both of you to a growing federal database of gun owners.*

HB 1272 seeks to protect us from just such federal infringement!

North Dakotan's right to bear arms, guaranteed to us in the 2<sup>nd</sup> Amendment, is under a greater attack by the political left and faux conservatives than it ever has been.

The Biden, Pelosi, and Schumer control federal government are advancing H.R. 8, the "Universal Background Check" bill. It has passed the US House. A more honest name for this bill would be "Surveillance on Gun Owners".

North Dakotans who appreciate and understand that the words "*the right of the people to keep and bear Arms shall not be infringed.*", means that every rule from Washington regarding so-called gun control is an infringement.

States are fighting back, which is where HB 1272 comes in.

We North Dakotans understand that the federal government has the most strength (albeit questionable) when firearm-related commerce is conducted across state lines. We appreciate that our state legislature would stand up in this way for us, following the example set already set by other states that have implemented similar legislation.

We will be very happy to purchase firearms and ammunition made in North Dakota!

Please DO PASS HB 1272

**Senate Judiciary Committee**

**HB 1272**

**Chairman Larson and Committee Members, I urge a strong YES vote on HB 1272,**

**Gun Control Nullification**

House Bill No. 1272 ([HB 1272](#)) is sponsored by nine representatives. The House [passed](#) the bill, 69-23, on February 17.

If passed, HB 1272 would [exempt](#) – from all federal laws or regulations – any “personal firearm, firearm accessory, or ammunition” that is “manufactured commercially or privately in the state and which remains within the state.”

This is important because the U.S. Constitution’s Commerce Clause ([Article I, Section 8, Clause 3](#)) does not apply to commerce that remains inside a single state. HB 1272, if passed, would go a long way toward nullifying the federal government’s overreach via its blatant disregard of this constitutional provision.

Thank You

Gordon Greenstein

US Navy (Veteran)

US Army (Retired)

Dear NDCA Member,

Want to sell that 12 gauge to your hunting buddy? Using H.R. 8, Pelosi and Biden want to hit you with a felony charge unless you first run a background check, adding both of you to a growing federal database of gun owners.

North Dakotans who appreciate and understand that the words the right of the people to keep and bear Arms shall not be infringed., means that every rule from Washington regarding so-called gun control is an infringement.

Many states are fighting back. One important way is to assert the lack of federal power over intrastate commerce.

HB 1272 tells the federal government "you have no jurisdiction over firearms and ammunition made in North Dakota!

# 2021 SENATE STANDING COMMITTEE MINUTES

**Judiciary Committee**  
Peace Garden Room, State Capitol

HB 1272  
3/29/2021

A BILL for an Act to create and enact a new section to chapter 62.1-01 of the North Dakota Century Code, relating to manufactured firearms, accessories, and ammunition.
